3.15 Selected nutritional outcomes indicators of Kerala and India
3.16 District-wise distribution of ration cards under TPDS (As on April 2007)
3.17 State-wise per capita consumption of cereals from PDS (Kg) and monthly proportion of consumption requirements from PDS (%)
3.18 Average monthly quantity of cereals consumed from PDS by BPL & AAY households (Kg) in rural and urban Kerala, 2004-05
3.19 Average monthly quantity of cereals consumed from PDS by all households (Kg) in rural and urban Kerala, 2004-05
3.20 State-wise monthly per capita consumption of cereals from the PDS in the rural and urban areas
3.21 Proportion of PDS in total consumption in the rural/urban areas
3.22 Relative dependence on PDS by select fractile groups of households: Kerala (rural & urban)
3.23 Distribution of PDS beneficiaries by monthly income groups: Kerala
3.24 Average monthly per capita consumption of cereals from PDS by quintile groups (kg)
3.25 Utilization of PDS across calorie groups
3.26 Scale of ration rice and wheat in Kerala
3.27 Per household allotment of rice under TPDS in Kerala

CHAPTER IV: PUBLIC DISTRIBUTION SYSTEM IN KERALA: COMPARISON OF PRE AND POST-TPDS PHASES (An Inter-District Analysis)

4.1A Total offtake of rice from the PDS in Kerala (1992-93 to 1996-97)
4.1B Total offtake of rice from the PDS in Kerala (2000-01 to 2005-06)
4.2 Seasonal indices: pre-TPDS and post-TPDS
4.3 Amplitude of seasonal variation in the monthly rice offtakes
4.4 APL offtakes and relative market prices in Kerala
4.5 District-wise share of BPL households and BPL ration cards
4.6 Distribution of ration cards amongst the Asraya families
4.7 Share of districts in total rice offtake from the PDS
4.8 Distribution of BPL households as per BPL census and BPL ration cardholders and share in offtakes: Pre-TPDS and Post-TPDS
4.9 District wise per capita offtake of rice: Pre-TPDS and Post-TPDS periods
4.10 District-wise annual income gain from TPDS
4.11 Source of consumption of rice in Kerala
4.12 District-wise source of household consumption of rice (1992-93 to 1994-95)
4.14 District-wise source of household consumption of rice (2000-01 to 2002-03)
4.15 District-wise source of household consumption of rice (2003-04 to 2004-05)
CHAPTER V : PUBLIC DISTRIBUTION SYSTEM: THE "PRICE" PERSPECTIVE

5.1 Open market retail price and PDS price of rice in Kerala 193
5.2 District wise relative prices of rice for APL & BPL households 193
5.3 Changes in retail and whole sale price of rice in Kerala 194
5.4 Gap between wholesale and retail price 195
5.5 District-wise levels of retail prices (relative) for rice in Kerala (1960 -2005) 198
5.6 Regression results: retail prices and deficit: 2001-02 to 2004-05 199
5.7 Regression results of factors affecting open market retail prices: Round 1 203
5.8 Regression results of factors affecting open market retail prices: Round 2 203
5.9 Wholesale price of rice and Economic Cost (EC) 207
5.10 Budgetary income transfer and income gain of APL households 209
5.11 Budgetary income transfer and income gain of BPL households 210

CHAPTER VI : TARGETED PUBLIC DISTRIBUTION SYSTEM IN KERALA: A MICRO ANALYSIS

6.1 Kottayam- A district profile 213
6.2 Thiruvananthapuram-A district profile 215
6.3 Demographic particulars of sample areas 217
6.4 Caste-wise population of sample areas 218
6.5 Work force and work participation rate of the sample areas 218
6.6 Sample area-wise residential houses according to type of roof and electrification 220
6.7 Sample area-wise ration shops and ration cards 220
6.8 Percentage distribution of sample households according to educational qualification 222
6.9 Caste-wise classification of sample households 223
6.10 Households size of the sample BPL households 223
6.11 A Land ownership pattern of sample BPL households 224
6.11 B Occupational distribution of sample BPL households 225
6.12 Distribution of residential facilities of sample BPL households 226
6.13 Possession of household amenities by sample households 226
6.14 Monthly requirement of rice for APL & BPL households 231
Entitlement and actual purchase of the BPL households

Purchases from the PDS by BPL households: (purchases from the PDS only, partially from PDS and other sources, from other sources only).

Purchases as per entitlement and greater than entitlement

Proportion of different sources in purchase of rice by households

Purchase from the PDS as a percentage of their total purchase (rural and urban).

Proportion of rice requirements met through PDS by all households and the economically vulnerable APL and BPL households

Monthly Intended/ expected income transfer and actual income transfer to the households

Inclusion and exclusion errors in targeting

Average PDS consumption of all BPL households and households not satisfying inclusion criteria

Percentage of households citing various reasons for the underutilization the system by BPL households

Percentage of households citing various reasons for the underutilization the system: APL households

Economic conditions of completely market dependent, & partially market dependent BPL households and APL households availing ration

Regression results of factors affecting ration rice consumption by BPL households.

Reasons for poor quality of food grains distributed from the ration shops

Sample households reporting underweighment of commodities by PDS dealers

Sample households not satisfied with the services of the dealer.

Average retail prices of ration rice in sample areas

Proportion of households reporting difficulty/ delay in getting ration cards

Proportion of households reporting less consumption owing to lack of purchasing power

Proportion of sample households feeling that the ration shops should be handed over to the Gram Panchayat

Profile of the sample fair price shops

Proportion of different revenue components of the FPS's

Sales entitlement ratio of ration commodities

Proportion of different cost components of the FPS's

Viability of sample fair price shops

Perceptions of dealers regarding functioning of the PDS
