<b>List of Abbreviations</b>	xviii

### CHAPTER – I INTRODUCTION

<b>1.1</b>	<b>Introduction</b>	1
<b>1.2</b>	<b>Theoretical Framework on Supply Chain Management</b>	2
	1.2.1 Issues in Supply Chain Management	3
	1.2.2 Decisions on Three Levels	4
	1.2.3 Metrics and Data collection	5
	1.2.4 Flexibility, Inventories and Customer Service	6
	1.2.4.1 Customer satisfaction	6
	1.2.4.2 Inventories	6
	1.2.4.3 Flexibility	7
	1.2.4.4 Inventory vs. Customer Service: A Trade-Off	9
	1.2.5 Pitfalls in Inventory Management	10
	1.2.5.1 No Supply Chain Metrics	10
	1.2.5.2 Inadequate Definition of Customer Service	10
	1.2.5.3 Inaccurate Delivery Status Data	10
	1.2.5.4 Inefficient Information Systems	10
	1.2.5.5 Ignoring the Impact of Uncertainties	11
	1.2.5.6 Simplistic Inventory Stocking Policies	11
	1.2.5.7 Organizational Barriers	11
	1.2.5.8 Incomplete Supply Chain	11
<b>1.3</b>	<b>Information Technology: An Unrealized Potential</b>	12
<b>1.4</b>	<b>Modelling and Simulation</b>	12
<b>1.5</b>	<b>Supply Chain Technology</b>	15
	1.5.1 Supply Chain Technology & Strategies	17
	1.5.1.1 E-Auctions	17
	1.5.1.2 Labour Management Systems in Distribution	17
	1.5.1.3 Spend Management Visibility	17
	1.5.1.4 Demand Management/S&OP	17
	1.5.1.5 Supplier Portals	17
	1.5.1.6 Network Optimization	17
	1.5.1.7 Transportation Management Systems (TMS)	18
	1.5.1.8 Strategic/Global Sourcing	18

	1.5.1.9 Wireless in the Warehouse	18
	1.5.1.10 Yard Management Systems (YMS) and Dock Door Scheduling	18
	1.5.2 Supply Chain Technology Model	19
	1.5.3 The Importance of Information in an integrated Supply Chain Management Environment	20
	1.5.4 Supply Chain Organizational Dynamics	20
	1.5.4.1 Remote Input/output mode	21
	1.5.4.2 Application processing mode	21
	1.5.4.3 Multi participant exchange mode	21
	1.5.4.1 Network control mode	21
	1.5.4.1 Integrating network mode	21
<b>1.6</b>	<b>Information Technology: Application of SCM</b>	22
	1.6.1 Electronic Commerce	22
	1.6.2 Electronic Data Interchange	23
	1.6.3 Barcoding and Scanner	23
	1.6.4 Data Warehouse	24
	1.6.5 Enterprise Resource Planning (ERP) Tools	24
	1.6.6 IT enabled Supply Chain Management	24
<b>1.7</b>	<b>Fast Moving Consumer Goods Industry</b>	25
	1.7.1 Characteristics of an FMCG from Consumer's perspectives	25
	1.7.1.1 Frequent Purchase	26
	1.7.1.2 Low Involvement	26
	1.7.1.3 Low Price	27
	1.7.2 Industry Size and Growth Projections	28
	1.7.3 Significance and Contribution of the FMCG sector	29
	1.7.3.1 Economic Contribution	29
	1.7.3.2 Social Contribution	29
	1.7.3.3 Contribution to other sectors	30
	1.7.4 Impact of Current Economic Slow down in India	32
	<b>References</b>	33

## CHAPTER – II THEORETICAL DISCUSSION ON SUPPLY CHAIN MANAGEMENT

<b>2.1</b>	<b>Introduction</b>	44
<b>2.2</b>	<b>The General Scenario of SCM</b>	44
	2.2.1 Increasing role of SCM	48
	2.2.2 Need to reduce variability in the Supply Chain	49
<b>2.3</b>	<b>Supply Chain Decisions</b>	49
	2.3.1 Location Decisions	49
	2.3.2 Production Decisions	50

	2.3.3 Inventory Decisions	50
	2.3.4 Transportation Decisions	51
<b>2.4</b>	<b>Core Concepts of SCM</b>	51
	2.4.1 Multi-echelon Inventory System	52
	2.4.2 Production – Distribution System	52
	2.4.3 Phasing Concept	54
	2.4.4 Postponement Concept	54
	2.4.5 Modularity in product design	55
<b>2.5</b>	<b>Inter-organizational co-ordination for the effective SCM</b>	55
	2.5.1 Organizational structure	56
	2.5.2 Adoption Drivers	57
	2.5.2.1 Efficiency Drivers	57
	2.5.2.2 Effectiveness Drivers	58
	2.5.2.3 Competitive position and external pressure on small firms	59
	2.5.3 Adoption Inhibitors	59
	2.5.3.1 Operational and infrastructure inhibitors	59
	2.5.3.2 Financial inhibitors	60
	2.5.3.3 Strategic considerations: Alliances and information sharing	60
	2.5.4 Enablers	61
	2.5.5 Integration of Information Systems	61
	2.5.5.1 Sales Company Service System	61
	2.5.5.2 International Customer Service System	62
	2.5.5.3 Master Production Scheduling System	62
	2.5.5.4 The Manufacturing Customer Service System	63
<b>2.6</b>	<b>SCM and Outsourcing</b>	63
	2.6.1 Parameters of SCM and Outsourcing	64
	2.6.2 Problems with SCM and Outsourcing	66
	2.6.3 Benefits of SCM and Outsourcing	67
	2.6.4 Integration of Supply Chain	68
<b>2.7</b>	<b>Supply Chain Modelling approaches</b>	70
	2.7.1 Network design methods	71
	2.7.2 Rough-cut methods	73
<b>2.8</b>	<b>Information Technology</b>	73
<b>2.9</b>	<b>Creating values, Satisfaction and Differential advantage by SCM</b>	74
<b>2.10</b>	<b>Supply Chains and Challenges</b>	76
<b>2.11</b>	<b>Supply Chains: The opportunities</b>	77
<b>2.12</b>	<b>Supply Chain Complexity in India</b>	79
<b>2.13</b>	<b>India's economic and infrastructure scenario</b>	80
	<b>References</b>	82

**CHAPTER – III REVIEW OF LITERATURE AND RESEARCH  
METHODOLOGY**

<b>3.1</b>	<b>Introduction</b>	87
<b>3.2</b>	<b>Concept of Supply Chain and Supply Chain Management</b>	87
	3.1.1 Supply Chain	87
	3.1.2 Supply Chain Management	87
<b>3.3</b>	<b>Technology and Information Technology</b>	88
<b>3.4</b>	<b>Supply Chain Management &amp; Information Technology</b>	92
<b>3.5</b>	<b>Knowledge and Supply Chain</b>	95
<b>3.6</b>	<b>Marketing reasons of IT in SCM</b>	98
	3.6.1 Economic Reasons	99
	3.6.2 Organizational Reasons	100
	3.6.3 Technological Reasons	101
	3.6.4 Partnership	104
<b>3.7</b>	<b>Virtual teams and Supply Chain</b>	104
	3.7.1 Virtual enterprise and Information Technology	105
<b>3.8</b>	<b>E-Commerce and SCM</b>	106
	3.8.1 Purchasing	106
	3.8.2 Operations	108
	3.8.3 Logistics	109
<b>3.9</b>	<b>Infrastructure for IT in SCM</b>	110
	3.9.1 Organizational	111
	3.9.2 Technological	112
<b>3.10</b>	<b>Knowledge and IT Management in SCM</b>	113
	3.10.1 Technology Management	114
	3.10.2 Education and Training	115
<b>3.11</b>	<b>Implementation of IT in SCM</b>	115
	3.11.1 Organizational	116
	3.11.2 Methodological	116
	3.11.3 Human Resource	117
<b>3.12</b>	<b>Research Methodology</b>	120
	3.12.1 Problem Statement	120
	3.12.2 Theoretical Frame work	121
	3.12.3 Research Gap	126
	3.12.4 Need for the Study	127
	3.12.5 Objectives of the Study	128
	3.12.6 Scope of the Study	128
	3.12.7 Hypotheses	128
	3.12.8 Data Sources	129
	3.12.9 Research Design	129
	3.12.10 Research Instrument	129

	3.12.11 Sampling Frame	129
	3.12.12 Description of Study area	129
<b>3.13</b>	<b>Research Design</b>	130
	3.13.1 Population and Sampling	130
	3.13.2 Sampling Design and Sampling size	130
	3.13.3 Instrument selection and Data collection	131
	3.13.4 Questionnaire preparation	131
	3.13.5 Questionnaire scale development	132
<b>3.14</b>	<b>Analysis</b>	132
	3.14.1 Tools Used in analysis	132
<b>3.15</b>	<b>Limitations of the Study</b>	134
<b>3.16</b>	<b>Chapterisation</b>	135
	<b>References</b>	136

#### CHAPTER – IV ANALYSIS OF INTEGRATION OF INFORMATION TECHNOLOGY WITH SUPPLY CHAIN MANAGEMENT

<b>4.1</b>	Profile of Respondents	148
<b>4.2</b>	Impact of Functional responsibility on IT links with Customers and Suppliers	149
<b>4.3</b>	Impact of Years of attachment with institution on IT links with Customers and Suppliers	149
<b>4.4</b>	Impact of Industry experience on IT links with Customers and Suppliers	150
<b>4.5</b>	Impact of Company Category on IT links with customers and suppliers	150
<b>4.6</b>	Impact of Annual sales volume on IT links with customers and suppliers	151
<b>4.7</b>	Impact of Number of employees on IT links with customers and suppliers	151
<b>4.8</b>	Impact of Company using IT (customer or supplier) on IT links with customers and suppliers	152
<b>4.9</b>	Impact of Frequency of using IT on IT links with customers and suppliers	152
<b>4.10</b>	Impact of IT experience on IT links with customers and suppliers	153
<b>4.11</b>	Impact of Functional responsibility on Priority for redesigning IT	153
<b>4.12</b>	Impact of years of attachment with institution on Priority for redesigning IT	154
<b>4.13</b>	Impact of Industry experience on Priority for redesigning IT	154
<b>4.14</b>	Impact of Company Category on Priority for redesigning IT	155
<b>4.15</b>	Impact of Annual sales volume on Priority for redesigning IT	155
<b>4.16</b>	Impact of Number of employees on Priority for redesigning IT	156

4.17	Impact of Using IT (customer or supplier) on Priority for redesigning IT	156
4.18	Impact of Frequency of using IT on Priority for redesigning IT	157
4.19	Impact of IT experience on Priority for redesigning IT	157
4.20	Impact of Functional responsibility on Priority for simplifying existing process before IT implementation	158
4.21	Impact of Years of attachment with institution on Priority for simplifying existing process before IT implementation	158
4.22	Impact of Industry experience on Priority for simplifying existing process before IT implementation	159
4.23	Impact of Company Category on Priority for simplifying existing process before IT implementation	159
4.24	Impact of Annual sales volume on Priority for simplifying existing process before IT implementation	160
4.25	Impact of Number of employees on Priority for simplifying existing process before IT implementation	160
4.26	Impact of Using IT (customer or supplier) on Priority for simplifying existing process before IT implementation	161
4.27	Impact of Frequency of using IT on Priority for simplifying existing process before IT implementation	161
4.28	Impact of IT experience on Priority for simplifying existing process before IT implementation	162
4.29	Impact of Functional responsibility on Use of IT with customers	162
4.30	Impact of years of attachment with institution on Use of IT with customers	163
4.31	Impact of Industry experience on Use of IT with customers	163
4.32	Impact of Company Category on Use of IT with customers	164
4.33	Impact of Annual sales volume on Use of IT with customers	164
4.34	Impact of Number of employees on Use of IT with customers	165
4.35	Impact of Using IT (customer or supplier) on Use of IT with customers	165
4.36	Impact of frequency of using IT on Use of IT with customers	166
4.37	Impact of IT experience on Use of IT with customers	166
4.38	Impact of Functional responsibility on IT with suppliers	167
4.39	Impact of years of attachment with institution on IT with suppliers	167
4.40	Impact of Industry experience on IT with suppliers	168
4.41	Impact of company category on IT with suppliers	168
4.42	Impact of Annual sales volume on IT with suppliers	169
4.43	Impact of Number of employees on IT with suppliers	169
4.44	Impact of Using IT (customer or supplier) on IT with suppliers	170
4.45	Impact of frequency of using IT on IT with suppliers	170
4.46	Impact of IT experience on IT with suppliers	171

4.47	Impact of Functional responsibility on Business impact	171
4.48	Impact of Years of attachment with institution on Business impact	172
4.49	Impact of Industry experience on Business impact	172
4.50	Impact of Company Category on Business impact	173
4.51	Impact of Annual sales volume on Business impact	173
4.52	Impact of Number of employees on Business impact	174
4.53	Impact of Using IT (customer or supplier) on Business impact	174
4.54	Impact of Frequency of using IT on Business impact	175
4.55	Impact of IT experience on Business impact	175
4.56	Impact of Functional responsibility on Company experience with customers	176
4.57	Impact of Years of attachment with institution on Company experience with customers	176
4.58	Impact of Industry experience on Company experience with customers	177
4.59	Impact of Company Category on Company experience with customers	177
4.60	Impact of Annual sales volume on Company experience with customers	178
4.61	Impact of Number of employees on Company experience with customers	178
4.62	Impact of Using IT (customer or supplier) on Company experience with customers	179
4.63	Impact of Frequency of using IT on Customers	179
4.64	Impact of IT experience on Company experience with customers	180
4.65	Impact of Functional responsibility on Company experience with suppliers	180
4.66	Impact of Years of attachment with institution on Company experience with suppliers	181
4.67	Impact of Industry experience on Company experience with suppliers	181
4.68	Impact of Company Category on Company experience with suppliers	182
4.69	Impact of Annual sales volume on Company experience with suppliers	182
4.70	Impact of Number of employees on Company experience with suppliers	183
4.71	Impact of Using IT (customer or supplier) on Company experience with suppliers	183
4.72	Impact of Frequency of using IT on Company experience with suppliers	184
4.73	Impact of IT Experience on Company experience with suppliers	184

4.74	Impact of Functional responsibility on IT in FMCG Industry	185
4.75	Impact of years of attachment (Institution) on IT in FMCG industry	187
4.76	Impact of Industry experience on IT with FMCG industry	189
4.77	Impact of Company Category on IT in FMCG industry	191
4.78	Impact of Annual sales volume on IT in FMCG industry	193
4.79	Impact of Number of employees on IT in FMCG industry	195
4.80	Impact of Frequency of using IT on IT in FMCG industry	197
4.81	Impact of Company IT experience on IT in FMCG industry	199
4.82	Functional responsibility Vs Impact of IT in FMCG industry	201
4.83	Company's experience with IT Vs Impact of IT in FMCG industry	202

## CHAPTER – V FINDINGS, SUGGESTIONS & CONCLUSIONS

5.1	Major Findings	203
5.2	Suggestions	207
5.3	Conclusions	211

## LIST OF TABLES

Table No.	Title	Page No.
4.1	Profile of Respondents	148
4.2	Impact of Functional responsibility on IT links with Customers and Suppliers	149
4.3	Impact of Years of attachment with institution on IT links with Customers and Suppliers	149
4.4	Impact of Industry experience on IT links with Customers and Suppliers	150
4.5	Impact of Company Category on IT links with customers and suppliers	150
4.6	Impact of Annual sales volume on IT links with customers and suppliers	151
4.7	Impact of Number of employees on IT links with customers and suppliers	151
4.8	Impact of Company using IT (customer or supplier) on IT links with customers and suppliers	152
4.9	Impact of Frequency of using IT on IT links with customers and suppliers	152
4.10	Impact of IT experience on IT links with customers and suppliers	153
4.11	Impact of Functional responsibility on Priority for redesigning IT	153
4.12	Impact of years of attachment with institution on Priority for redesigning IT	154
4.13	Impact of Industry experience on Priority for redesigning IT	154
4.14	Impact of Company Category on Priority for redesigning IT	155
4.15	Impact of Annual sales volume on Priority for redesigning IT	155
4.16	Impact of Number of employees on Priority for redesigning IT	156
4.17	Impact of Using IT (customer or supplier) on Priority for redesigning IT	156
4.18	Impact of Frequency of using IT on Priority for redesigning IT	157
4.19	Impact of IT experience on Priority for redesigning IT	157
4.20	Impact of Functional responsibility on Priority for simplifying existing process before IT implementation	158
4.21	Impact of Years of attachment with institution on Priority for simplifying existing process before IT implementation	158
4.22	Impact of Industry experience on Priority for simplifying existing process before IT implementation	159
4.23	Impact of Company Category on Priority for simplifying existing process before IT implementation	159
4.24	Impact of Annual sales volume on Priority for simplifying existing process before IT implementation	160
4.25	Impact of Number of employees on Priority for simplifying existing process before IT implementation	160
4.26	Impact of Using IT (customer or supplier) on Priority for simplifying existing process before IT implementation	161

4.27	Impact of Frequency of using IT on Priority for simplifying existing process before IT implementation	161
4.28	Impact of IT experience on Priority for simplifying existing process before IT implementation	162
4.29	Impact of Functional responsibility on Use of IT with customers	162
4.30	Impact of years of attachment with institution on Use of IT with customers	163
4.31	Impact of Industry experience on Use of IT with customers	163
4.32	Impact of Company Category on Use of IT with customers	164
4.33	Impact of Annual sales volume on Use of IT with customers	164
4.34	Impact of Number of employees on Use of IT with customers	165
4.35	Impact of Using IT (customer or supplier) on Use of IT with customers	165
4.36	Impact of frequency of using IT on Use of IT with customers	166
4.37	Impact of IT experience on Use of IT with customers	166
4.38	Impact of Functional responsibility on IT with suppliers	167
4.39	Impact of years of attachment with institution on IT with suppliers	167
4.40	Impact of Industry experience on IT with suppliers	168
4.41	Impact of company category on IT with suppliers	168
4.42	Impact of Annual sales volume on IT with suppliers	169
4.43	Impact of Number of employees on IT with suppliers	169
4.44	Impact of Using IT (customer or supplier) on IT with suppliers	170
4.45	Impact of frequency of using IT on IT with suppliers	170
4.46	Impact of IT experience on IT with suppliers	171
4.47	Impact of Functional responsibility on Business impact	171
4.48	Impact of Years of attachment with institution on Business impact	172
4.49	Impact of Industry experience on Business impact	172
4.50	Impact of Company Category on Business impact	173
4.51	Impact of Annual sales volume on Business impact	173
4.52	Impact of Number of employees on Business impact	174
4.53	Impact of Using IT (customer or supplier) on Business impact	174
4.54	Impact of Frequency of using IT on Business impact	175
4.55	Impact of IT experience on Business impact	175
4.56	Impact of Functional responsibility on Company experience with customers	176
4.57	Impact of Years of attachment with institution on Company experience with customers	176
4.58	Impact of Industry experience on Company experience with customers	177
4.59	Impact of Company Category on Company experience with customers	177
4.60	Impact of Annual sales volume on Company experience with customers	178
4.61	Impact of Number of employees on Company experience with customers	178
4.62	Impact of Using IT (customer or supplier) on Company experience with customers	179
4.63	Impact of Frequency of using IT on Customers	179

4.64	Impact of IT experience on Company experience with customers	180
4.65	Impact of Functional responsibility on Company experience with suppliers	180
4.66	Impact of Years of attachment with institution on Company experience with suppliers	181
4.67	Impact of Industry experience on Company experience with suppliers	181
4.68	Impact of Company Category on Company experience with suppliers	182
4.69	Impact of Annual sales volume on Company experience with suppliers	182
4.70	Impact of Number of employees on Company experience with suppliers	183
4.71	Impact of Using IT (customer or supplier) on Company experience with suppliers	183
4.72	Impact of Frequency of using IT on Company experience with suppliers	184
4.73	Impact of IT Experience on Company experience with suppliers	184
4.74	Impact of Functional responsibility on IT in FMCG Industry	185
4.75	Impact of years of attachment (Institution) on IT in FMCG industry	187
4.76	Impact of Industry experience on IT with FMCG industry	189
4.77	Impact of Company Category on IT in FMCG industry	191
4.78	Impact of Annual sales volume on IT in FMCG industry	193
4.79	Impact of Number of employees on IT in FMCG industry	195
4.80	Impact of Frequency of using IT on IT in FMCG industry	197
4.81	Impact of Company IT experience on IT in FMCG industry	199
4.82	Functional responsibility Vs Impact of IT in FMCG industry	201
4.83	Company's experience with IT Vs Impact of IT in FMCG industry	202
