ACKNOWLEDGEMENTS

It is my great privilege to acknowledge my sincere gratitude to Professor Sivatosh Mookerjee, FNA, not only for his invaluable guidance but for his constant encouragement and inspiration rendered throughout the present work. I would like to emphasize my warm thanks to Dr. S.I.S. Rattan, Kemisk Institut, Aarhus University, Denmark, who sparked the idea of present work.

I am also thankful to Professor (Mrs.) Anjali Mookerjee, Dean, School of Environmental Sciences, Jawaharlal Nehru University for her criticality in giving me invaluable suggestions.

My thanks are due to Professor G.S. Singhal, Dean, School of Life Sciences, Jawaharlal Nehru University, for providing laboratory facilities.

The work would not have come to timely completion without the unfailing help of Ms. Pratima Nangia both during the experimentation and preparation of the manuscript. I am gratefully indebted to her invaluable help.
I would like to thank Dr. N. Prasad, Ms. Asangla Ao, Mr. Balram Singh and Mr. T.V.G. Rao for their encouragement and constant help.

I would like to acknowledge to Dr. G. Jayaraman for his critically going through the manuscript.

I acknowledge my sincere appreciation of technical assistance rendered by Mr. Lohat, Mr. Naqvi and Mr. Babulal. I must thank Mr. Ram Prasad and Mr. Gajaman Hegde in typing the manuscript and Mr. R.N. Saini for drafting the diagrams and photography.

I acknowledge the financial assistance provided by University Grants Commission in the form of a Senior Research Fellowship.

UMESH KUMAR
