

ACKNOWLEDGEMENTS

It is my pleasant duty to thank Professor H.S. Balakrishnan for kind suggestion of the problem, loaning material, helpful guidance, sustained interest and encouragement throughout the investigation. He has been a constant source of inspiration and a friendly critic. I am highly indebted to him.

Profs. G.F. Papenfuss and M.J. Wynne as well as Drs. Chaugale, Rama Rao and Shimura very generously supplied the material to help the present investigation. Dr. Rama Rao supplied a microfilm of "Die florideenordnung Gigartinales" and Prof. G.F. Papenfuss a photocopy of J. Agardh's description of Meristotheca. To all of them I am very grateful.

Last but not the least, I would like to express my gratitude to Prof. S.B. David, M.Sc. (Bot.), Ph.D. (Munich.) Professor & Head, Department of Botany, University of Poona, for extending necessary laboratory facilities.

I must thank Shri J.J. Dango who very carefully and tirelessly typed the manuscript and Shri A.P. Vaigankar for the photographs.
