ACKNOWLEDGEMENT

It is with deepest gratitude that I remember my research director Dr. J. Achari, M.Sc., Ph.D. AFIMA (U.K) for his continuous encouragement in carrying out this research work. It is he who instilled on aptitude for research in me and inspired me by his hard work, unlimited patience and endless friendly guidance. I express my sincere thanks to him.

I wish to thank Dr. B.R. Kesavan, M.Sc. Ph.D., Principal, Science College, Nanded for providing the facilities to me in the College.

I also owe a special debt of gratitude to my parents for continuous encouragement.

I am highly thankful to my elder brother Sri. S.T. Patil who had taken much more efforts and helped me. Directly or indirectly my sister-in-law Sow. M.S. Patil had helped me. I cannot neglect to give thanks to her.

I am also thankful to Sri. B.N. Naik, M.E. (Civil), Principal, Shri Guru Gobind Singhji College of Engineering and Technology, Nanded for encouragement.

A success of my project always rests on the direct or indirect help rendered by others.

Especially, I am thankful to Shri. S.N. Kulkarni for his meticulous typing of the thesis specially in mathematical format.
