## INTRODUCTION

1-4

## SELECTION OF TOPIC

5

## AIMS AND OBJECTIVES

6

## PLAN OF WORK

7

## I. REVIEW OF LITERATURE

### A) TRIAL DRUG

- General introduction                                           8 - 10
- Botanical description                                          11-12
- Chemistry                                                      13-16
- Harītakī in Vedic literature                                   17
- Harītakī in Ayurvedic literature                               17-61
- Interpretation of Guṇa – Karma of Harītakī                    62-68
- Sanskrita References                                           69-92
- Harītakī in other literature                                   93-96
- Pharmacological studies of Harītakī                           96-102

### B) DISEASE

- Hypercholesterolemia                                           103-125
II. STANDARDIZATION OF TRIAL DRUG

- Procurement 164
- Preparation 165
- Microscopic analysis 166
- Quantitative analysis 167
- Thin layer chromatography 167-168
- Solubility & X-ray analysis 169-177
- Determination of Rasa & Taste threshold 178-179

III. PHARMACOLOGICAL STUDY

- Toxicity study 180
- Anti-hypercholesterolemic activity study 181-187

IV. CLINICAL STUDY 188-222

V. DISCUSSION 223-234
CONCLUSION 235

VI. REFERENCES / BIBLIOGRAPHY 236-245
