ACKNOWLEDGEMENT

With the great sense of gratification, I take salutary chance of lifetime to thank all those who bestowed me to study, learn and understand Ayurveda. At this unforgettable moment of successful fulfillment of an ambition I prostrate any head in the feet of my parents whose affectionate touch and blessings have always brought me triumph over all the obstacles in life.

I feel it is a privilege to express my deep sense of gratitude with sincere respect to my supervisor Dr. Tanuja M. Nesari, Professor and H. O. D., Department of Dravyaguna, for her constant support and encouragement to complete the research.

This gives me immense pleasure to express gratitude to my Co-Supervisor Dr. D. Vijayakumar, Scientist ‘EI’ at Indian Institute of Chemical Technology, (CSIR), Hyderabad, who helped me a lot and provided valuable scientific guidance. The Analytical study, which was a part of my work, would not have been possible without his proper guidance.

I am deeply indebted and I sincerely thankful to Dr. R. N. Gangal, Principal of Tilak Ayurveda Mahavidyalaya for encouragement and support. I am also thankful to Dr. S. N. Parchure, President, Rastriya Shikshan Mandal, Pune. I also assent my enormous thanks to Dr. V. V. Doiphode Dean, Department of Ayurveda, University of Pune. I am thankful to Dr. D. P. Puranik, Director, Post-Graduation Unit and Research Center. Tilak Ayurveda Mahavidyalaya, Pune for his kind support and help. I am thankful to Dr. V. A. Dole, Joint Director, P. G. Unit. I am also thankful to Dr. N. D. Dhargalkar, Vice Principal, Tilak Ayurveda Mahavidyalaya, Pune for valuable suggestions. I am also thankful to Dr. Apoorva Sangoram and entire staff of Dravyaguna Department for their timely help. I am thankful to Dr. Yogesh Gawali and whole Kayachikitsa Department for their help in conducting clinical trials at Seth Tarachand Ayurveda Hospital, Pune.

I pay my sincere thanks to Dr. Padmarao, Research Officer, Drug Standardization Unit (CCRH), for his timely help for the pharmacognostic studies and microphotographs of the sections. I am also thankful to Prof. M. Prabhakaram, Additional Director, Department of Indian System of Medicine, Govt of Andhra Pradesh for his kind support.
and encouragement. I pay my sincere thanks to Dr. L. R. K. Murthy, Superintendent, Dr. B.R.K.R. Govt Ayurveda hospital for allowing me to conduct the clinical trial.

I grab this opportunity to express my sincere thanks to my friend Dr. Somaraj Kharche, Dr. Jitendra Munot for the support and help they have extended to me. I am also thankful to Dr. K. Jayakrishna, Dr. V. Vijayakumar, Dr. Sanmayacharya, Dr. Ramgopal and Mr. P. Harikrishna for timely help and suggestions. I am thankful to Dr. Ch. V. Rao, Scientist C, National Institute of Botanical Research, Lucknow for help in conducting the study. I am thankful to Shri. Salvi and Mrs. Saroja for valuable help in editing the thesis. I also pay my sincere thanks to Dr. A.R.V. Murthy, Principal, G.J. Patel Ayurveda College, Vidyanagar for timely help. I assent my enormous thank to Vaidya M. B. Patel, Dr. G. K. Chaturvedi and Dr. Pritesh Shukla for suggestions and support.

I assent my enormous amount of respect towards my esteemed sister along with brother Surg. Lft. Bharat Jani whose incessant love and benison were the driving force behind my progress and success. I also bow to my in-laws for always standing with me in each and every intricate task of my work and life. I am too much thankful to my wife, Harsha to support me and to share the uncertain difficult moments in this period.

On this occasion I bow my head towards my Adya-Guru late Dr. T. M Gogte and Vaidya P. T. Joshi for their blessings, which fling me at this stage. I also remember my beloved friend late Dr. Rupesh Agrawal whose absence feels me curtailed at this moment.

I am very much thankful to my patients who responded and maintained the regular follow-up during the clinical study, and also those persons who have helped me directly or indirectly in this work.
