

Acknowledgments

I take this opportunity with much pleasure to thank all the people who have helped me through the course of my journey towards producing this thesis, to my education, and to my life, and this is the occasion to thank them.

First and foremost, I would take this opportunity to express my sincere and profound gratitude to my mentor Dr. Jimut Kanti Ghosh for introducing me into the “architect of antimicrobial peptide world” and offering his dexterous guidance. His scientific acumen strong determination, excellent knowledge and immense valuable ideas have been vital for me to take up this work. During our association of approximately five year of dissertation, he always supported me with, his constructive criticism and words of encouragement. He always praised my abilities to make me feel comfortable. It's really proud to have teacher like him. I respect his vast knowledge and vision for the subject which always reflected this study. I have been lucky to work under his unique guidance that develops a sense of sincerity and self confidence. Sir, I am very much thankful to you from the core of heart, without your aboriginal guidance this dissertation would not have been possible.

I wish to acknowledge our former director Dr. C. M. Gupta and Dr. Rakesh Tuli and present director Dr. T. K. Chakraborty for providing all the support, facilities and excellent environment during the course of study.

I wish take as an opportunity to thank all the faculty of Molecular and Structural Biology division, late Dr. Vinod Bhakuni, Dr. Saman Habib, Dr. R. Ravishankar, Dr. A. Arora, Dr. J.V. Pratap, Dr. S. Ahmed, Dr. S. Akhtar, Dr. Amogh and Dr. D. Banerjee for their help whenever required. I would like to thank Dr. P. K. Shukla and Nipendra Mishra of Mycology Division, for helping in antimicrobial assay against many fungal strain and clinically resistant bacterial strain, in collaborative work. I wish to acknowledge Mr. A. L. Vishwakarma, Dr. K. Mitra, Dr. B. Kumar, Dr. Reddy and Mr. S. Kanaujia of Sophisticated Analytical Instrument Facility (SAIF) for their help in flow cytometric, confocal microscopic experiment and collecting mass spectrometric data.

How can I forget the Lab where I have spent approximately five years, the most precious time of my life which I have bestowed to the dissertation? In the electrifying environment of lab, how this golden time passed away, I have not felled. It is my heartiest thanks to all my seniors and colleagues who always enthuses me and

supported me all the way. Thank you Aqeel bhai for your suggestion to join one of the esteemed lab of CDRI, and guidance in peptide synthesis to their all biological and biophysical studies. Thank you Richa ji for sharing fruit-chat and snacks. Thank you Brijesh bhai for your brotherly affection, valuable suggestions, helping in calculation, lending bike and cash whenever I asked. Thanks you Saurabh for helping in immuno-modulation and confocal microscopy experiment, lending bike and partying for every event. Jitendra thanks for synthesising peptides and its purification and accompanying for tea and snacks at Munna dhaba. Amit and Anshika thanks for preparing buffers, lipid vesicles, writing assignments for IPR and collecting hplc peak whenever I moved for namaz and refreshment. Thanks to chhota Amit for his help in writing assignment and discussing general knowledge.

A special thanks to Sudhanshu and Vibhor, together we have spent many cherish moments in the journey of dissertation which will be enduring throughout my life. I would like thank my friend Subir and Bijay for healthy discussion on scientific and many more issues and celebrating the several events together. I wish to thank my other colleagues and friends of CDRI like Saurabh, Vijay, Sumit, Rajiv, Aiman, Ankit, Arjun, Nayak, Suniti, Manish, Rahul, Ashok, Vaibhav, Sudhir, Gaurav, Deepak, Harish, all Amit (s), Neha, Akhil and Kashif for their extended help and friendly environment. A special thanks to JP ji and Arvind for their help. Thank you, Babu and Meraj for your unconditional help and making arrangement of fishing in holidays. A special thanks to one of my best friend Haseeb, together we have spent grateful moments and still, these will be continuing throughout my life. I wish to thank my Hamdardian friends like Javed, Professor, Prateek, Adarsh, Ejaz bhai, Shams bhai, Jilani bhai, Shafeeque bhai, Zahid, Shafat, Mumtaz and Ahsan bhai for their .

Friends were the life line of my stay in the Lucknow. Mere words of thanks wouldn't sufficient for their help, support and encouragement. This long journey would not have been possible without one of the best friend and room partner Abdul Malik. Thank you very much my brother, my friend Abdul for your encouragement, suggestions and unconditional support. I would like thank my Motimahal friends Ariz bhai, Nehal bhai, Saquib bhai, Guddu, Abrar, Israr, Arif, Jack, Amit, Mirdul, Brijesh, Kamil, Sadaf, Bhatiya and the entire hosteller for their support and encouragement.

It is not possible for me to express gratitude to my parent in words. Amma Abba you are the best parent in the world. This is all your dua whatever I have achieved, and I can achieve anything with your dua Insha-allah. It is my sincere gratitude to my eldest brother Shahabuddin bhaiya, who has accomplished all my

wishes, always supported and encouraged me. I am highly thankful to my all brothers, sisters, bhabhies, and nieces for their love, encouragements and supports.

I am highly indebted to my wife and son who patiently borne my absence from home. Salma thank you very much for your encouragement, affection, support and live commentary of Yusuf's babble speech. I would like to thank my in-laws specially my mother-in-law for their encouragements, supports and dua.

Undoubtedly, no task can be accomplished without blessing of Allah. Whatever I am today, it is all because of his blessing. It is not possible for me to write their gratefulness in words. There is a very good quote by great scientist Einstein "Science without religion is lam".

I am thankful to council of scientific and industrial research for their financial assistance during the tenure of doctoral studies.
