LIST OF PLATES

Plate 2.1: Lower part of the ablation zone showing supra glacial streams
Plate 2.2: Formation of glacial lake on the western flank of the glacier
Plate 2.3: One of the feature in the ablation zone of the glacier
Plate 2.4: Glacier table on the middle part of the ablation zone
Plate 2.5: The accumulation zone of the Chhota Shigri Glacier (Western Flank)
Plate 2.6: Lateral Crevasse in the middle part of the ablation zone
Plate 2.7: Snout of the glacier, covered by moraines
Plate 2.8: Medial moraine of the Chhota Shigri glacier, which differentiate the glacier, into eastern and western flank
Plate 4.1: Measurement of installed stake position on the Chhota Shigri Glacier, using differential GPS
Plate 4.2: Installation of ablation stake on the ablation zone of the Chhota Shigri Glacier
Plate 4.3 (a) & (b): Heucke steam drill, used for drilling on the Chhota Shigri glacier in this study.
Plate 4.4: Extended accumulation stake on the accumulation zone of the Chhota Shigri Glacier
Plate 4.5: Stake No. III on the Chhota Shigri Glacier
