

# ACKNOWLEDGEMENT

*With great pleasure I express my deep and sincere gratitude to my research guide Dr. P.G Adsule, Director, NRCG Pune. His wide knowledge based guidance, encouragement and valuable suggestions have provided a good analytical support for the present thesis.*

*I express my deep and sincere gratitude to my co-guide Prof. M.B. Deshmukh, Department of Agrochemicals and Pest Management. His generous support, encouragement, painstaking observations and suggestions have provided a good basis for the study.*

*My deep and sincere gratitude to Dr. Kaushik Banerjee, Senior Scientist and In-charge, APEDA-NRL, NRCG, Pune, for his encouragement, support, and the opportunity to work on a project in which I am truly interested. His guidance, friendship and sense of humor have allowed me to complete this significant milestone.*

*I am particularly thankful to Dr. Karibasappa and Dr. S. D. Savant for providing the wine grape varieties, invaluable guidance for designing the experiment, information regarding wine making and common problems in wine making. I sincerely acknowledge and extend my heartfelt gratefulness to Dr. Indu Sawant, Dr. A.K. Upadhyay, Dr. Jagdev Sharma, Dr. S. D. Ramteke, Dr. Anuradha Upadhyay, Dr. A.K. Sharma, Dr. R.G. Somkumar, Dr. J. Satisha and Mr. Pravin Taware for their extensive discussions around my work and interesting explorations in Laboratory work have been very helpful for this thesis.*

*I express my sincere thanks to Chairman and Director APEDA, Ministry of*

Commerce, Government of India for providing financial support to this research work. I express my special appreciation to Indian wineries for providing wine samples. I am obliged to the AAO, AFAO and all office staff of NRCG, Pune for providing administrative support during this study.

I Thanks to Dr Hans G.J. Mol, Rikilt Institute of Food Safety, Netherlands, Dr. Steven Lehotay, USDA, Jon Wong, Food Nutrition, USFDA for their suggestions and invaluable guidance and crucial scientific discussions in the initial stages of method development.

I acknowledge with gratefulness to Prof. M.A.Anuse, Co-ordinator, Agrochemicals and Pest Management, Shivaji University, Kolhapur.

My Colleague friends Dashrath Oulkar, Shubhangi Patil, Archana nikam, Sameer Wagh, Soma Dasgupta, Rahul Sawant, Manjusha Jadhav, Sagar Utture, Manoj Ghaste, Bharat Ugare , Sunita Bal, Dr.Pooja Doshi, Vaishali Shinde, Lalit More, Santoshi Shivankar, Chetan Shripannawar, Vikas Jadhav and Sangita Pawar for whom I have great regard, and I wish to extend my warmest thanks to them and all friends those helped me in my work directly and indirectly.

I would like to thank in a special way to my parents and family members. Having a great group of people like all of you in my life has made, and will continue to make, life that much richer.

Thanks to my friends and family.

Date: 25/08/2010

Place: Kolhapur

  
Mr. Sangram Hindurao Patil  
(Research Student)
