Acknowledgement

The entire work was carried out under the supervision and guidance of Dr. R. Krishnamurthy, to whom the author expresses his deep sense of gratitude for the valuable suggestions and constant help.

He is indebted to Dr. Syed Mehdi Ali, ex-Professor and Head of this department for his keen interest and constant encouragement.

Thanks are due to Dr. R. Nagabhushanam for providing library and laboratory facilities.

The author is grateful to Dr. M. Azghar Khan and Dr. M. Aziz Hussain of Osmania University for their valuable help while initiating the work.
