Acknowledgements

This thesis would not have seen the light and publications so fast and so well without the Divine Blessings of the Supereme Father. With eternal gratitude, most humbly, respectfully and in all submissiveness, I offer my silent and sincere obeisance in His Lotus Feet. It is due to His unbounded grace and blessings during the entire course of this work. I also pray for His grace forever.

At the outset, I would like to record my utmost gratitude to Prof. Gursaran and Dr. Kamal Srivastava, my able Supervisors, for advising and guiding me from the very early stage of this research. Their great insight, perfectionism often inspired me to work harder than before. Their wide knowledge and logical way of thinking have been of great value for me. Their ever understanding, encouraging and personal guidance have provided a good basis for the present thesis. I am extremely grateful for their detailed and constructive comments, and for their tremendous support throughout this work. I gratefully acknowledge their supervision, and contribution. Their involvement and meticulous ideas have triggered and nourished my intellectual maturity that I will benefit from, for a long time to come. I gracefully acknowledge their warm encouragement, guidance and patience in reading the numerous versions of my chapters and papers. I have learnt a lot from them on general research and specific subjects related to this thesis. They always encouraged me, prevented me from getting stuck during the research and helped me in every possible way. I really owe them a lot for their continuous efforts.

I gratefully acknowledge my teachers Professor Ravinder Kumar, Head, Department of Mathematics, Prof. Arun K. Sinha, Professor S. P. Singh, Prof. D. Pandey, Prof. Gunjan Agarwal, Dr. A. P. Tyagi, and Dr. Shambhu Sharma, Department of Mathematics, DEI, for motivating me to pursue a research career and for their kind deliberation. Their involvement, triggering and nourishing my intellectual maturity, will benefit me for a long time to come.
I am especially indebted to Prof. V.G. Das, Director, DEI, for his kind help and encouragement during my research work.

I would like to express my gratitude to Prof. L.D. Khemani, Head, Department of Chemistry and Dean, Faculty of Science, for his kind encouragement and cooperation during this work.

I tend my humble thanks to Prof. Ravinder Kumar, Head, Department of Mathematics and Prof. Arun K. Sinha, who gave me the opportunity to work with complete freedom in the department and gave me untiring help and support during my difficult moments.

I am extremely grateful to the University Grants Commission for the Major Project Grant F. No. 36-66/2008 (SR) for providing me financial support during my Ph.D. work. It has been a great help and enabled me to remain focused and concentrated in the academics.

I would like to thank Dr. Sanjay Srivastava, Dept. of Engineering, Co-principal Investigator of UGC project, Dr. Gurpyari Jandial, Dept. of English Studies, Dr. Antika Thapar, Dept. of Mathematics, Dr. Lotika Singh and Mr. P. S. Sudhish, Dept. of Physics and Computer Science, for their useful advices and taking keen interest in my work.

I feel indebted to Mrs. Swanti Gupta and Ms. Saatviki for sending me required research papers whenever I needed them. I am very thankful to my friends and fellow researchers Dr. Ankur Pachauri, Mrs. N. Swati, Mrs. Soami Pyari, Mrs. Astuti Verma, Mrs. Nija Mani, Mrs. Neha Singh, Mrs. Hifza Afaq, Ms. Pallavi, Mr. Chandresh Yadav, Mr. Ram Aasre Rajpoot, for their support and encouragement. I am also thankful to all those who helped me directly and indirectly during my research work.

It is my pleasure to express my thanks to members of the staff of the department; Late Mr. Babulal, Mr. Hariom and Mr. Lallan for all the help provided by them during the entire course of study.

How can I forget at this juncture my loving parents for giving me the encouragement, moral support and will to pursue what I believed. My father, Late Mr. P.S.D. Sharma and my mother Mrs. Gurpyari supported and guided me throughout my studies. I am thankful to them for their constant source of love and kind support.
Last but not the least I thank all others who directly or indirectly helped me in the realization of this thesis. At the same time I express my apology for failing to mention their names here.

May, 2013

Dharna Satsangi
