

ACKNOWLEDGEMENT

Firstly, I would like to express my sincere gratitude to my advisor Prof. (Dr.) Baldev Singh for the continuous support of my PhD study and related research, his patience, motivation, and immense knowledge. His guidance helped me all the time during the research and writing of this thesis. I could not have imagined having a better advisor and mentor for my PhD study. He has also been a great role model and I undoubtedly intend to use what I have learned from him as I move forward in my career.

I also extremely express thanks to Dr. Ripu Ranjan Sinha Professor, SGVU, Jaipur under whose able guidance, keen interest, timely advice and prompt corrections that I am able to conclude my research work in time.

Besides my advisor, I would like to thank the rest of my thesis committee: Prof A K Sinha, Prof. Dinesh Goyal, and Prof. Madhavi Sinha not only for their insightful comments and encouragement but also for the hard questions which incited me to widen my research from various perspectives.

I am very grateful to Er. Gaurav Bagaria, Director VGI for all the support he provided in my research work and his brilliant guidance that helped me greatly in fulfilling my work.

I can never have enough words to express how grateful I am for the endless support of my family. My parents and in-laws have always provided me their support with unconditional love. It's their trust in me that I made it so far. I also like to thank my all family members for their love, encouragement, and concern for me. Finally, and most importantly, I would like to express much gratitude and love to my husband, Mr. Dharmendra Choudhary. Without his patience and love, I would not have been able to complete this work. I also like to thank beyond words to my daughters for their sacrifices, due to my PhD work I couldn't give enough time to them but as a whole they remained peaceful and supportive.

Last but not least I would like to thank all the people who directly or indirectly supported me in my thesis and research. Their well-wishes and blessings always gave me strength to successfully overcome any problem and complete my work.

Nilam
