ACKNOWLEDGEMENT

The author offers deepest gratitude to Dr. U. Dinesh Acharya, Professor, Dept. of Computer Science and Engineering, Manipal Institute of Technology, Manipal for being her guide, motivating and encouraging throughout the research period. The timely advices given were very much helpful for the completion of the research work.

The author is grateful to Dr. Renuka A, Professor and Head of the Dept. of Computer Science and Engineering, Manipal Institute of Technology, Manipal, for her co-guidance, valuable advice and support given throughout the research period. The involvement and motivation of both the guides helped the author to carry out the research work in the appropriate direction.

Author acknowledges her heartfelt thanks to Dr. Raviraja Adhikari, Professor and Associate Director, R & C for his constant support and continuous suggestions during the research work period.

Sincere thanks to all the Directors of MIT for extending warm support towards the facilities provided for the research work.

The author is also indebted to MIT - Doctoral Advisory Committee (DAC) members Prof. Dr. Ashalatha Nayak, Prof. Dr. Radhika M. Pai, Prof. Dr. Hareesha K. S., and Dr. Siddalinga Urolagin for their valuable inputs given from time to time, to improve the research work.

Special thanks to all the colleagues, academic and technical staff of Manipal Institute of Technology and Manipal University for providing the guidance and facilities to work on the research activity.

Last but not the least, the author likes to express her love and appreciation to all the family members for providing plenty of moral support and courage. Finally the author wishes to thank one and all those who have contributed to the successful completion of the research work.

Hemalatha S
