ACKNOWLEDGEMENT

As I come to an end of my Ph. D. thesis, I feel a certain sense of satisfaction. I am aware that this is but a very modest effort towards a better understanding of the complex phenomena of prefixation and ‘aktionsarten’; a subject so vast that it is almost impossible to give an all encompassing picture, especially taking into consideration the shortage of books and other study material available to an Indian student. Keeping this in view, I set the framework of the present work. If I have missed any current trends in this field, then that is due to the shortage of books. But any other shortcomings in the analysis should be ascribed to me. I shall be extremely grateful to receive any kind of feedback and constructive criticism on the same.

I am deeply indebted to my guide Dr. Yogendra Kumar for having put up with me for a considerably long period of seven years in which I worked on my thesis. Also for providing many books and references from his personal collection.

I was a recipient of U. G. C. fellowship for the period of 1992-1996. I sincerely thank the U. G. C. for the fellowship.

I also thank the staff of Jaykar library, Pune, Rakesh Mohan Library C. I. E. F. L, Hyderabad, Russian Cultural Centre library, Mumbai and the British library, Pune for their cooperation.

I am immensely grateful to N. N. Sidelev for supplying examples from living Russian language and Dr. C. S. Thakar for carefully going over all the English translations of Russian verb examples in the present work. Throughout the tenure of my fellowship, I received cooperation and encouragement from the staff, teachers and colleagues at the Foreign Languages Department, Ranade Institute. I value and appreciate their support and thank them for the same.

Mrs. Asha Wadgaonkar of Cyber Art Studio shouldered the responsibility of typing my thesis, a formidable task, in view of the fact, that she does not understand Russian. I am obliged to her for taking care of a tedious task.

Lastly, I must express deep gratitude to my family whose constant support and encouragement saw me through all the ups and downs of my career.
