ACKNOWLEDGEMENT

I thank Almighty with great reverence for his grace and blessings bestowed on me during the course of my work.

No amount of verbiage can ever adequately express my indebtedness, heartfelt gratitude to my honourable guide Dr. K. Senthamarai Kannan, Professor and Head, Department of Statistics, Manonmaniam Sundaranar University, Tirunelveli, for his invaluable guidance, inspiration, constant encouragement, deep involvement, individual attention and stimulating inputs at every stage of work, this thesis would never have been possible. I am deeply grateful and thankful for spending his great deal of valuable time on this work.

I owe my deep gratitude for the constant encouragement given by Dr. A. Loganathan, Reader, Department of Statistics, Manonmaniam Sundaranar University, throughout the research period.

I wish to express my gratitude to Dr. M. Mohamed Sathik, Reader, Department of Computer Science, Sathakkathulla Appa College, Palayamkottai, for his support, kind help during the course of research work.

My sincere thanks to Dr. P. Arumugam, Reader, Department of Statistics, Manonmaniam Sundaranar University, Tirunelveli for his kind suggestion and help in preparing this thesis.

It is my pleasure to thank the authorities of Manonmaniam Sundaranar University, to carry out this research work in the Department of Statistics and utilize the facilities of the Department. I am
very much thankful to the faculties of the Department of Statistics, Manonmaniam Sundaranar University, Tirunelveli.

I am also thankful to the Temporary Lecturers, Research Scholars and Non teaching faculties of the Department of Statistics, Manonmaniam Sundaranar University, Tirunelveli.

I thank my wife Mrs. S. Loganayaki and my daughter S. Saraswathi for their timely help, cooperation, sacrifice and support at most crucial times. Also I thank my family members during the course of this research work.

P. Sailapathi Sekar
