CONTENTS

PART I

The freshwater mussels of Maharashtra, India.	1 - 28
--	--------

PART II

Biology of <u>Parreysia corrugata</u>	29 - 288
---------------------------------------	----------

Chapters

1. Anatomy and Histology	30 - 99
2. Reproductive cycle	100 - 115
3. Digestive enzymes	116 - 145
4. Osmotic behaviour	146 - 157
5. Respiration in relation to environmental conditions	160 - 183
6. The rate of water filtration	184 - 199
7. Effect of temperature on heat tolerance	200 - 220
8. Biochemical studies	221 - 241
9. Carbohydrate metabolism	242 - 259
10. Neurosecretion	260 - 281
11. General Summary and Conclusions	282 - 288
