Acknowledgement

First and foremost I thank to the God, the almighty for showers of his blessings throughout my research work and life.

I would like to express my profound gratitude and deep respect to my research supervisor **Prof. Jaimala Sharma**, Department of Zoology, University of Rajasthan, Jaipur, for the continuous support during my research and for her patience, motivation, enthusiasm and immense knowledge. Her dynamism, vision and sincerity have deeply inspired me. Her guidance helped me during my research work and writing of this thesis. I would also like to mention her great humor quality which has always created a joyous and agile environment in the lab.

I am also extremely indebted to **Professor R. S. Bedwal, Reena Mathur, N.P. Singh** and **G.C. Jain** for providing necessary infrastructure and resources to accomplish my research work at the Department of Zoology during their respective tenures as Head of the Department.

My Special thanks forwarded to **Prof. Ashok Kumar** and **Prof. G.C. Jain**, Coordinator SAP, Department of Zoology, University of Rajasthan, Jaipur for their constant help during this research work.

It is my great pleasure and privilege to acknowledge my deepest regards and gratitude to **Prof. Nagendra Bharadwaj**, Department of Botany, who always offered me inspiring suggestions. His advice and comments have been very helpful for my research work.

I would like to offer my special thanks to **Prof. Arun Chougale**, Department of Radiotherapy, SMS Medical College and Hospital, Jaipur for providing irradiation facilities.
A great depth of loving thanks are due to my research Senior, labmates and colleagues Dr. Radha Sharma, Dr. Sunita Arya, Dr. Priyanka Dhakar, Anita, Ramswaroop, Deepika Jhanwar, Yogendra, Niharika and Deepika Trikotiya who made the lab a friendly environment for working and for their timely help and support that worked for the amelioration of the thesis.

I am highly thankful to all the teaching and non teaching staff of Department of Zoology whose help and support to make my work easier.

At this juncture I thankful to my parents Sh. K. M. Mathur and Smt. Santosh Mathur, my sisters Pooja and Jyoti who always stand behind me whenever I need their help. Their blessings and co-operation enabled me to complete this goal. My parents have given me their unequivocal support throughout, as always, that cannot be expressed in words.

Finally, my thanks go to all the people who have supported me to complete the research work directly or indirectly.
