List of Tables

1. List of Excavated Sites in the Middle Ganga Valley.
2. List of Excavated Sites in the Lower Ganga Valley.
3. Normals of Monthly and Annual Rainfall and Coefficient of Variation (CV) in the Middle Ganga Valley.
4. Normals of Daily Maximum Temperature (°C) in the Middle Ganga Valley.
5. Normals of Daily Minimum Temperature (°C) in the Middle Ganga Valley.
6. Normals of Daily Mean Temperature (°C) in the Middle Ganga Valley.
7. Normals Monthly and Annual Potential Evapotranspiration (mm) in the Middle Ganga Valley.
10. Normals of Daily Mean Temperature (°C) in the Lower Ganga Valley.
12. Monthly and Annual Rainfall (mm) in the Lower Ganga Valley.
13. Frequency of Artefact Types from the Balia Nadi.
14. List of Epi-Palaeolithic Sites in the Middle Ganga Valley.
15. Length, Breadth and Thickness of Upper Palaeolithic Artefacts in the Middle Ganga Valley.
16. Artefact Types of the Three Epi-Palaeolithic Sites in Pratapgarh District.
17. Palaeolithic Stratigraphy in the Lower Ganga Valley.
21. Maximum, Minimum and Mean Values of Length, Breadth and Thickness of Scrapers, Points and Blades at Kattara (in cm).

22. Distribution of Raw Materials at Kattara.

23. Cultural Remains of the Excavated Mesolithic Sites in the Middle Ganga Valley.

27. Raw Materials Used in the Microlithic Industry at Damdama.

28. Composition of the Stone Objects at Mahadaha and Damdama.

29. Faunal Remains from the Excavated Mesolithic Sites in the Middle Ganga Plain.

30. Skeleton Orientation at Sarai-Nahar-Rai, Mahadaha and Damdama.

31. Distribution of Artefact Types at Birbhanpur.

33. The Size of Five Microlithic Clusters and Number of Artefacts at Birbhanpur.

34. Lithic Artefact Types from Five Microlithic Clusters.

35. Raw Materials of Five Microlithic Clusters.

36. Lithic Artefact Types at Paruldanga.

37. Lithic Artefact Types at Chamargora.

38. C Dates from Koldihwa and Mahagara.

40. Distribution of Ceramic Types from the Excavated Neolithic Sites in the Middle Ganga Valley.

41. Celts and Other Ground Stone Artefacts from the Neolithic Sites in the Middle Ganga Valley.

42. C Dates from Chirand.

43. Distribution of Tool Types, Their Respective Number and Percentage in the Suvarnarekha and Tarapheni Valleys.
44. Raw Materials Used in the Manufacture of Neolithic Tools in the Suvarnarekha and Tarapheni Valleys.

45. Distribution of Shapes of Celts in the Suvarnarekha and Tarapheni Valleys.

46. Distribution of Cutting Edges of Celts in the Suvarnarekha and Tarapheni Valleys.

47. Distribution of Cross-sections of Celts in the Suvarnarekha and Tarapheni Valleys.

49. Distribution of Artefact Types and Their Respective Number and Percentage at Kalimpong.

51. Distribution of Shapes of Celts at Kalimpong.

52. Distribution of Cutting Edges of Celts at Kalimpong.

53. Distribution of Cross-sections of Celt at Kalimpong.

54. Distribution of Nature of Grinding and Polishing of Artefacts at Kalimpong.

55. Material Remains from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

56. Distribution of Ceramic Types from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

57. Distribution of Shapes of Black-and-red Ware from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

58. Distribution of Different Types of Bowl of Black-and-red Ware from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

59. Distribution of Shapes of Red Ware from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

60. Distribution of Different Types of Bowl of Red Ware from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

61. Distribution of Shapes of Black-slipped Ware from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

62. Distribution of Different Types of Bowl of Black-slipped Ware from the Excavated Chalcolithic Sites in the Middle Ganga Valley.
63. Distribution of Bone, Shell and Antler Implements from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

64. Distribution of Polished Stone Tools and Other Stone Objects from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

65. Chemical Analysis of Copper Wire and Lead Rod from Senuwar.

66. Presence of Trace Elements in Copper Wire and Lead Rod Specimens from Senuwar.

67. C Dates from the Excavated Chalcolithic Sites in the Middle Ganga Valley.

68. Thermoluminescence Dates from Sirngaverpura.

69. Distribution of Material Equipment from the Excavated Chalcolithic Sites in the Lower Ganga Valley.

70. Distribution of Ceramic Types from the Excavated Chalcolithic Sites in the Lower Ganga Valley.

71. Distribution of Shapes of Black-and-red Ware from the Excavated Chalcolithic Sites in the Lower Ganga Valley.

72. Distribution of Different Types of Bowl of Black-and-red Ware from the Excavated Chalcolithic Sites in the Lower Ganga Valley.

73. Distribution of Shapes of Red Ware from the Excavated Chalcolithic Sites in the Lower Ganga Valley.

74. C Dates from the Excavated Chalcolithic Sites in the Lower Ganga Valley.

75. Geographical Distribution of Pre and Protohistoric Sites in the Middle Ganga Valley.

76. Geographical Distribution of Pre and Protohistoric Sites in the Lower Ganga Valley.

77. List of Lower Palaeolithic Sites in the Lower Ganga Valley.

78. List of Middle Palaeolithic Sites in the Lower Ganga Valley.

79. List of Upper Palaeolithic Sites in the Lower Ganga Valley.

80. List of Mesolithic Sites in the Middle and Lower Ganga Valley.

81. List of Neolithic Sites in the Middle and Lower Ganga Valley.

82. List of Chalcolithic Sites in the Middle and Lower Ganga Valley.
