ACKNOWLEDGEMENTS

I take this opportunity to express my immense respect and deep sense of gratitude and respect to my Research guide Dr. Ravichandrabahu Rupakula, Associate Professor, Department of Chemistry for suggesting the problem, allowing me to share the wealth of his knowledge and guided me throughout my project work. I will continue to value him throughout my life as a thought provoking philosopher and the guiding light in my career. I am extremely grateful for his valuable suggestions and continuous motivation, without which it would have been difficult for me to conclude my research work in a successful manner.

The author is thankful to Prof. N. Lakshmana Das, Principal, GITAM Institute of Science and the Board of management of GITAM University, Visakhapatnam, for providing the necessary research facilities to continue with the research work to complete the thesis.

The author expresses thanks to Dr. M. Saratchandra Babu, HOD, Department of Chemistry, GITAM Institute of Science of GITAM University, Visakhapatnam, and all the faculty members for their encouragement.

The author is thankful to Dr. K Rama Rao, HOD, Department of Bio Chemistry, GITAM Institute of Science of GITAM University, Visakhapatnam, for allowing to use HPLC instrument to continue with the research work to complete the thesis.

The author takes this opportunity to express his gratitude and thanks to the Management of Ogene systems (I) Pvt. Ltd. Hyderabad for providing necessary facilities to carry out the research work in the Laboratories of Ogene systems (I) Pvt. Ltd.

The author is highly grateful to N.V.V.S.S.Raman of Hetero Drugs Pvt. Ltd. Hyderabad for his valuable suggestions and support which helped me to a very great extent in completion of my dissertation.

I owe my thanks to my fellow research Scholars Dr. Sitaram Cheekatla and Mr. Y.V.S. Saikrishna for their friendly nature and kind cooperation which helped finish my work successfully.

I owe a very special thanks to my Father Late Mr. M. Anjaneya Sastry and Mother Mrs. M.B. Kaimeswari for their constant support and encouragement that served as a source of inspiration, strength and determination at each and every front of my life to transport my dreams to reality.

I also extend my thanks to my Father-in-law Mr. K. Madan Mohan and Mother-in-law Mrs. K. Jaya Lakshmi for supporting me to complete my dissertation without any obstacles.

Finally I wish to place on record my appreciation of the patience, understanding, timely support, love, inspiration and affection shown by my husband Mr. K. RISHI VAS, which helped me out to carry out my work without any pressure.

(Sharada Musty)
