Chapter 1: Introduction 1

1.1 Introduction 2

1.1.1 Financial accounting 2

1.1.2 Cash accounting 3

1.1.3 Accrual accounting 4

1.2 Limitation of Cash accounting 5

1.3 Advantages of accrual accounting 6

1.4 Difference between cash basis and accrual basis 10

1.5 Key elements of accrual accounting 11

1.6 Financial reporting under the cash basis of accounting 11

1.7 Backgrounds of Indian Pharmaceutical Industry 12

1.8 Backgrounds of Maharashtra Pharmaceutical Industry 14
Chapter 2: Review of literature

2.1 Introduction

2.1.1 Accrual accounting

2.1.2 Cash Accounting

2.1.3 History

2.2 Importance of Cash and Accrual accounting

2.3 Countries which are well advanced

2.4 Countries which are moving to accrual accounting

2.5 Countries which are using cash accounting

2.6 Basis of Accounting in pharmaceutical industry

2.7 Accrual Accounting concepts

2.7.1 Timing issues

2.7.1.1 The revenue recognition principle

2.7.1.2 The matching principle

2.7.1.3 Accrual versus cash basis of accounting

2.7.2 The basic of adjusting

2.7.2.1 Type of adjusting entries

2.8 Balance sheet

2.8.1 Cash basis balance sheet

2.8.2 Accrual basis balance sheet

2.9 Financial management: Cash vs. Accrual accounting

2.10 Accrual accounting in Public sector

2.11 Accrual accounting in government in five years
Chapter 3: Research Design

3.1 Introduction

3.2 Meaning of research design

3.3 Importance of the study

3.4 Problems under the Study

3.5 Objectives of the Study

3.6 Hypotheses

3.7 Research Methodology

3.8 Scope of the study

3.9 Population and sampling
5.4.3 Calculation of ROI 192
5.4.4 Calculation of ROE 195
5.4.5 Calculation of ROWC 198
5.4.6 Calculation of OPR 201
5.4.7 Calculation of GPR 204
5.4.8 Calculation of Revenue R&D Ratio 207

5.5 Analysis of data 216

Chapter 6: Analysis of data 218

6.1 Research Hypotheses 219
6.2 Operational definition of research variables 220
6.3 Karle Pearson correlation of coefficient and scales 221
6.4 Analysis of hypotheses 221
6.4.1 Analysis of the first hypothesis as per accrual method 221
6.4.2 Analysis of the first hypothesis as per cash method 225
6.4.3 Analysis of the second hypothesis as per accrual method 227
6.4.4 Analysis of the second hypothesis as per cash method 235
6.4.5 Analysis of the third hypothesis as per accrual method 242
6.4.6 Analysis of third hypothesis as per cash method 246
6.4.7 Analyzing difference between accrual and cash method 249
Chapter 7: Findings, Conclusions, Suggestions 258

7.1 Introduction 259

7.2 Empirical research and findings 260

7.3 Conclusions 261

7.4 Suggestions to companies 270

7.5 Suggestions to further Researcher 271
