

List of Figures

Figure 1.1. Map showing the global distribution of snow leopard.....	5
Figure 1.2. Map showing the snow leopard distribution in India.....	13
Figure 2.1. A Map of northern India showing the State of Jammu and Kashmir and Kargil the intensive study area.....	22
Figure 2.2. Map of Kargil showing various altitudinal categories	22
Figure 2.3. Map of Kargil showing various precipitation levels during October, 2009..	23
Figure 2.4. Map of Kargil showing land use and land cover	23
Figure 2.5. Map showing extensive study area in Uttarakhand and Himachal Pradesh	25
Figure 4.1. Map of Kargil showing major places in the study area.....	35
Figure 4.2. Locations of evidences of snow leopard in Kargil, 2009-2012	39
Figure 4.3. Map of the study are showing observation points of two major prey species in Kargil, 2009-2012	42
Figure 4.4. Mean values of group size with 95% CI of two major prey species of snow leopard in Kargil study area (2009 to 2012).....	43
Figure 4.5. Landform used by snow leopard in Kargil [Asiatic ibex: n=87 (1051) and Ladakh urial: n=52 (628)]: Left to right - a) Elevation, b) Slope, c) Dominant topographic feature and d) Habitat type.....	45
Figure 4.6. Percentage frequency (%) of prey species in the diet of snow leopard in Kargil study area, 2009-2012.....	47
Figure 4.7. Percentage frequency (%) of prey species in the diet of Tibetan wolf in Kargil study area, 2009-2012.....	48
Figure 4.8. Percentage of livestock loss against total livestock population due to large carnivores during 2009-12 in Kargil.....	50
Figure 4.9. Cases of livestock depredation (%) by large carnivores reported in Kargil from 2009 to 2012.....	52
Figure 5.1. Map showing locations of evidence of snow leopard in Uttarakhand, 2008	68
Figure 5.2. Landform use by snow leopard (n=13) in Uttarakhand and Himachal Pradesh, 2008	69

Figure 5.3. Percentage frequency (%) of occurrence of prey species in the diet of snow leopard in Uttarakhand, 2008	71
Figure 5.4. Shepherd responses (n=16) on livestock depredation (%) by large carnivores in Govind NP and WLS, Askot WLS and Nanda Devi BR, 2008.....	72
Figure 5.5. Summary of threats to snow leopard and its habitat in the surveyed areas of Uttarakhand and Himachal Pradesh, 2008 (Miradi 4.2).....	74
Figure 5.6. Evidences of large carnivores in Govind NP and WLS, 2008.....	76
Figure 5.7. Summary of threats (Miradi 2.4) to snow leopard and its habitat in the surveyed areas of Govind Pashu Vihar NP and WLS.....	77
Figure 5.8. Evidences of large carnivores in Gangotri NP, 2008.....	78
Figure 5.9. Summary of threats (Miradi 2.4) to snow leopard and its habitat in the surveyed areas of Gangotri NP (top) and Nelong Valley (down).....	79
Figure 5.10. Summary of threats (Miradi 2.4) to snow leopard and its habitat in the surveyed areas of Askot WLS.....	81
Figure 5.11. Summary of threats (Miradi 2.4) to snow leopard and its habitat in the surveyed areas of Nanda Devi BR	82
Figure 5.12. Summary of threats (Miradi 2.4) to snow leopard and its habitat in the surveyed areas of Kugti WLS	84
Figure 6.1. The Jackknife test for evaluating the relative importance of environmental variables for snow leopard in the western Himalaya	93
Figure 6.2. Relationships between top environmental predictors and the probability of occurrence of snow leopard in western Himalaya: a) Elevation, b) Precipitation of driest quarter, c) Precipitation seasonality, d) Precipitation of coldest quarter, e) Mean diurnal range, f) Mean temperature of wettest quarter, g) Precipitation of wettest quarter, h) Isothermality	94
Figure 6.3. Predicting potential distribution habitat for snow leopard in the western Himalaya	95

List of Tables

Table 1.1. Estimated area inhabited and population size of snow leopards in the 12 range countries	4
Table 1.2. Snow leopard range in the five Himalayan states* of India	12
Table 2.1. Study sites surveyed in Uttarakhand and Himachal Pradesh	25
Table 4.1. Summary of total number of direct and indirect evidences of snow leopard and co-predators in Kargil, Jammu and Kashmir, 2009-2012	40
Table 4.2. Group composition of wild ungulates recorded from vantage points in Kargil study area, 2009 to 2012	43
Table 4.3. Group composition of wild ungulates recorded along trails in Kargil Kargil study area, 2009 to 2012	43
Table 4.4. Demographic information of the study area collected during the study period in Kargil	49
Table 4.5. Livestock depredation by large carnivores in Kargil over three years (2009, 2011 and 2012)	51
Table 5.1. Details of routes taken and survey efforts in Uttakhand and Himachal Pradesh	61
Table 5.2. Livestock depredation by snow leopard in 4 regions of Uttarakhand, 2008	72
Table 6.1. Environmental variables used in the predicting the potential distribution of snow leopards in western Himalaya.....	91
Table 6.2. Predicting the potential distribution habitat of snow leopard in western Himalaya	96

List of Plates

Plate 1:	Photograph of snow leopard	9
Plate 2.1:	Pictures showing intensive study are, Kargil: a) Wakha, b) Mulbek, c) Sanku, d) Uмба, e) Sapi, f) Kanji.....	26
Plate 2.2:	Pictures showing extensive study are, Uttarakhand: a) Askot WLS, b) Govind NP and WLS, c) Dung, d) Sundardhunga glacier, e) Gangotri NP	27
Plate 2.3:	Pictures showing extensive study are, Himachal Pradesh: a) Sangla WLS, b) Great Himalayan NP, c) Kugti WLS	28
Plate 3a:	Field work in the form of expeditions.....	32
Plate 3b:	Camping site in the snow leopard habitat in Uttarakhand.	32
Plate 4.1:	Snow leopard habitat – a) Rugged terrain with snow leopard in the centre b) Snow leopard habitat – Slopes and rocky outcrops with snow leopard in the centre	41
Plate 4.1:	Snow leopard signs recorded during the study: a) pugmark, (b) scat, c) scrape	33
Plate 4.2:	Major prey species habitat – a) Asiatic ibex at the broken terrain with rocky outcrops and very steep slope and cliffs, b) Ladakh urial at the rolling slopes	46
Plate 4.3:	Photographs of co-predators and key prey species of snow leopard in the study site - a) Tibetan wolf, b) Himalayan brown bear, c) Red fox d) Asiatic ibex,e) Ladakh urial, f) Long tailed marmot.....	53
Plate 4.4:	Photograph of livestock killedby snow leopard in the traditional corral in Kargil	58
Plate 5.1:	Photographs of co-predators and key prey species of snow leopard in Uttarakhand and Himachal Pradesh (a) Common leopard (b) blue sheep....	85
Plate 6.1:	Photograph of wildlife conservation activities in Kargil: (a) Livestock corral (b) Conservation awareness workshop for the local communities in Kargil	99
