# Table of Contents

1.2.1.4. Capital Market and its Situation in the Other Markets .................................................. 26
1.2.2. Literature of Portfolio Selection .............................................................................................. 27
   1.2.2.1. Charting Technique ........................................................................................................... 27
   1.2.2.2. Financial Study ................................................................................................................ 29
   1.2.2.3. Fundamental Approach .................................................................................................... 30
   1.2.2.4. Portfolio Diversification Analysis ...................................................................................... 31
   1.2.2.5. Other Methods of Assets Selection .................................................................................. 32
1.2.3. Main Limitations, Criticisms and Evaluation of The Portfolio Management Methods ...... 36
1.2.4. Relation of the AHP Method with Assets Selection Approaches ................................... 42
1.2.5. Qualifications of the Research ............................................................................................... 43
   1.2.5.1. Limitations of the Research ........................................................................................... 44
   1.2.5.2. Advantages of the Research Conditions ......................................................................... 45
1.2.6. Summary and Chapter conclusion ......................................................................................... 46

Chapter 2: Scientific Ontology and Scientific Use of the AHP Method ........................................ 48-93
Part 1: Scientific Use of the AHP Method ....................................................................................... 48-77
   2.1.1. Introduction of Multiple Criteria Decision Method ............................................................ 48
   2.1.2. Background and MCDM Literature .................................................................................. 51
   2.1.3. The Selected Suitable Method for Portfolio Management ................................................ 58
   2.1.4. The AHP Method Literature and Its Scientific Requirements ......................................... 59
      2.1.4.1. Logical Requirements of Using AHP as a MCDM ......................................................... 61
      2.1.4.2. Multiple Factors Thinking Culture ............................................................................... 62
      2.1.4.3. Introduction of Delphi Method as a MCDM Basic ....................................................... 65
      2.1.4.4. Process of MCDM by Approach to Delphi Suggestion ................................................. 69
         2.1.4.4.1. The Advantages of Desired MCDM System .............................................................. 71
         2.1.4.4.2. The Main Problem in Using MCDM ...................................................................... 72
      2.1.4.5. The Pareto Principle ..................................................................................................... 73
      2.1.4.6. The AHP Method as a Thinking Mechanism ............................................................... 75
Part 2: Scientific Ontology of the AHP Method .............................................................................. 78-93
   2.2.1. Introduction ....................................................................................................................... 78
## Table of Contents

2.2.2. Presuppositions of the philosophy of science for the AHP  78
  2.2.2.1. Behaviorism  78
  2.2.2.2. Fundamentalism  80
  2.2.2.3. Pluralism  82
  2.2.2.4. Instrumentalism and realism  83
  2.2.2.5. Operationalism  84
2.2.3. Scientific Methodological Characteristics of the AHP  85
  2.2.3.1. Empiricism and Refutability  85
  2.2.3.2. Induction and deduction methods  86
  2.2.3.3. Mathematical  89
  2.2.3.4. Holistic and quantum sights  90
  2.2.3.5. Incorporating some methods and approaches of managements  91
2.2.4. Summary and Chapter conclusion  93

Chapter 3: Explanation of the AHP Method  94-141
Part 1: Initial Explanation of the AHP Method Use  94-111
  3.1.1. Advantages and Characteristics of the AHP  94
  3.1.2. Principles and Axioms of the AHP  95
  3.1.3. Analysis of the AHP processes  99
    3.1.3.1. Explanation of Problems and Goals  99
    3.1.3.2. Making a Qualification  99
    3.1.3.3. Making an Expert’s Team  100
    3.1.3.4. Determine Questionnaire, Distribute and Explain it  100
  3.1.3.5. Judgment on Elements  102
    3.1.3.5.1. Comparisons  102
    3.1.3.5.2. Scales of Pairwise Comparison  103
  3.1.3.6. Making Structure a Hierarchy  106
    3.1.3.6.1. What is Hierarchical Form?  106
    3.1.3.6.2. The Kind of Hierarchical Types  108
    3.1.3.6.3. The Control Hierarchy  111
# Table of Contents

**Part 2: Explanation of the AHP Matrices Process**

3.2.1. The AHP Matrices with Example of Making Appropriate Portfolio

3.2.1.1. How can appropriate portfolio be made?  
3.2.1.2. Which share(s) is (are) appropriate for buying?  
3.2.1.3. The Models and Methods as Instrument of AHP Method  
3.2.1.4. Control AHP Matrix Process and Testing Judgment of Experts

3.2.1.4.1. Measure Consistency  
3.2.1.4.2. Sensitivity Analysis  
3.2.2. Consideration of the AHP's Limitation

3.2.2.1. Limitations and Criticisms  
3.2.2.2. Defendants and Rejoinders  
3.2.3. Summary and Chapter Conclusion

**Chapter 4: Application of the Research Model**

**Part 1: Testing of the Research Model on the Case Study**

4.1.1. Introducing Iran Stock Exchange (2005-6)  
4.1.2. Questionnaire Report

4.1.2.1. How are hierarchical weights of criteria in the case study?  
4.1.2.2. Which ones of criteria are most important?  
4.1.2.2.1. Testing Consistency  

4.1.3. Answer to Questions of Research

4.1.3.1. Which share(s) is (are) appropriate for buying?  
4.1.3.1.1. Consistency Testing of First Judgment  
4.1.3.2. How many shares are appropriate for buying?  
4.1.3.3. Which share(s) and how many shares are appropriate for selling?  
4.1.3.4. Which way can shares be appropriately replaced from portfolio to stock market?

**Part 2: Research Model and Contingency Strategy Planning Portfolio**

4.2.1. The AHP Method and Contingency Investment Decision  
4.2.2. Integration of AHP Method and Contingency Strategy Planning Method

4.2.2.1. Strategy Planning Method

Table of Contents

4.2.2.2. Which investment field may be appropriate for the future? 181
4.2.3. Summary and Chapter Conclusion 187

Chapter 5: The Completion of the Research Model System 188-229
Part 1: Research Model and International Portfolio 188-210
5.1.1. Introduction 188
5.1.2. Background Literature 189
5.1.3. International Investment and Portfolio’s Requirements 192
5.1.4. The Effective Factors on Global Portfolio 193
5.1.5. Application of the AHP Method to Bilateral Portfolio 198
5.2.1. The Research Model and Portfolio’s Performance Evaluation 211-229
5.2.2. Background of Portfolio Performance Evaluation 212
5.2.3. Practical Criticism in Traditional View 216
5.2.4. Suggestion of Research Model 219
5.2.5. Summary and Chapter Conclusion 228

Chapter 6: Findings and Conclusions 230-248
Part 1: Interpretations of Conclusions 230-236
6.1.1. Introduction 230
6.1.2. Findings Submitted 231
6.1.2.1. Scientific Ontology of the AHP Method 230
6.1.2.2. The Research Proves Scientific Use of the AHP Method 232
6.1.2.3. Making Hybrid Model 233
6.1.2.4. The Main Findings of the Research 235
Part 2: Interpretations of Conclusions 237-248
6.2.1. Introduction 237
6.2.2. Conclusions 238
6.2.3. Suggestions and Recommendations 247
6.2.4. Guidelines for Further Researches 248
# Table of Contents

. Appendices ......................................................... 249-270

1. Literature of Portfolio Performance Evaluation .......... 249-259
   1.1. The Basic Conceptions ..................................... 249
   1.2. The Models and Approaches to the Evaluation of the Portfolio Performance .......... 250
      1.2.1. Sharpe’s Measure ........................................ 250
      1.2.2. Treynor’s Measure ....................................... 251
      1.2.3. Jensen’s Measure ....................................... 251
      1.2.4. The Other Notices about portfolio performance measurement .... 253
   1.3. The International Investment Performance ............. 257
   1.4. The Size and Capacity of Stock Market of Some Important World Area .......... 259

. References of Section ........................................... 260

2. Improve Inconsistency ........................................... 261-263

3. Macro Economic Indictors of I.R. of Iran ................. 264-265
   3.1. Important Macro Economic Problems which Affected on Investment .......... 265
   3.2. Planning Notices and Reformation in the Macro Economic for Developing Investment .......... 266

4. Questionnaire .................................................... 267

References .......................................................... 272-304
