I sincerely thank Dr Raj Raghlupathy for his help and guidance. I have no words to acknowledge his involvement in every aspect of this work. His scientific acumen, logical thinking and personal touch has helped in the successful completion of this work. He has always been encouraging, considerate and understanding, making the working atmosphere in the Immunogenetics lab very amiable and warm. I express my heartfelt thanks to him for all he has done for me. It has been a privilege to work under his guidance and I am proud to be his student.

I am indebted to Prof G.P Talwar for giving me an opportunity to work in this institute towards completion of my Ph.D degree. His continued support and enthusiasm in work were always a source of inspiration to me.

I thank my doctoral committee members Dr Vineeta Bal, Dr Sher Ali, Dr Om Singh and Dr Lalit Garg for their support and suggestions. A special thanks to Dr Satyajit Rath for his valuable suggestions and discussions.

It has been a memorable experience to work in the Immunogenetics Unit. All the members of this lab Lakshmi, Sangeeta, Shyam, Sougata, Anil, Priya and Birender have contributed to make this a wonderful lab to work in. Lakshmi has been a ever helping friend. In difficult situations, her helping attitude and encouragement kept my morale high. It seems insignificant to acknowledge Shyam for everything he has done. I shall be indebted to him his significant and everwilling help. Sangeeta has been there to turn to for stimulating discussions. Her encouraging and optimistic attitude has helped me a lot. Priya, Birender and Shubhendu have provided all the technical assistance I needed.

My thanks are due to Dr Rajesh Anand and Dr Ramesh Juyal for providing me with animals and helping me with the matings. Jarnail Singh and Jaspal Singh have been extremely cooperative in helping with the handling of animals and with carrying out the matings.

I wish to thank Dr Amitabh Mukhopadhay for access to his laser printer.
Thanks to Babulal for helping with the photocopying

A word of appreciation for my friends Sanjeev, Anuja, Manmohan, Vishy, Jaya, Alok and the list is neverending for giving me moral support whenever I needed it.

This work would not have been accomplished without the help of my husband who has been extremely patient, understanding and considerate during my stay at this institute.
