ACKNOWLEDGEMENT

I would like to express my sincere gratitude towards Prof. Dr. S. N. Talbar and Prof. Dr. P. N. Vasambekar for their valuable guidance and consistent support throughout this research work technically and emotionally.

I feel very proud working with Dr. S. N. Talbar Sir and Dr. P. N. Vasambekar Sir, whom I believe to be a generous academician known for their technical expertise.

The technical curiosities, interests and support of Dr. P. N. Vasambekar Sir during the research work have focussed me a lot to explore the findings. Thank you sir!

I would like to express my special thanks to Professor Dr. M. D. Uplane, HOD Department of Electronics (SUK) who paved a way to this research and remain the source of inspiration.

I am thankful to our Hon. Director Dr. R. P. Joshi for his inspiration which I gained by listening to his thoughts many times through his inspirational speeches suggesting need for quality improvement in the technical education. I am also thankful to Hon. Director Prof. R. G. Kaduskar for his insightful thoughts and suggestions about the research work. My special thanks to Hon. Director Mr. S. P. Redekar for his valuable assistance for the preparation of art work and layouts required for the work undergone in this thesis. The motivations by our directors for higher studies are always remained inspiring throughout this work.

I also appreciate insightful comments and suggestions from our beloved Principal Dr. Y. P. Nerkar. His dedication to education through Wipro Mission 10X inspired me to undertake the Ph.D. work. I also remain thankful for allowing me to carry the research work with every support possible.

Special thanks are also due to Prof. R. W. Pattarkine and Prof. N. G. Jaiswal for the first trigger and inspiration to do research and support during his tenure for betterment of academics. Prof. Dr. Rajkumar has been meticulous in his review of this research work. His suggestions and help during the work are deeply appreciated. Thanks to Defence Institute of Advanced Technologies (DIAT), Pune for their computing and experimental support during this work.

I extend my warm gratitude to Hon. Ex. Dean. Prof. Jadhav Sir, Dr. P. M. Patil and Shivaji University, Kolhapur for allowing me to undertake this work and Mrs. Khanvilkar Madam for administrative assistance. I am thankful to PGBUTR.

I was lucky enough to make new friends at DIAT and Shivaji University, both from within the center and outside. Their patience and continuous encouragements has indeed made my stay here very fruitful. Prof. P. C. Bhaskar, and Prof. Halkarnikar, Dr. Murugan, Dr. Malathi, Prof. Mrudul Dikshit, Mr. Ganesh Gaikwad and Mahesh
Birari at DIAT were among them who gave me continuous encouragement.

Principal Dr. R. D. Kharadkar from Raisoni College of Engg. Pune and Prof. S. G. Kulkarni from MIT have been especially helpful in providing support for my technical endeavour.

Dr. T. J. Shinde Sir, A. B. Gadkari Sir, Mr. Sanjeev Dalawai, Mr. P. M. Borahde and all colleagues in Dept. of Electronics (SUK) helped me a lot in all possible ways while my stay at Shivaji University. I gained experience from the discussions with Dr. Uttam Bombale (SUK) during my research work. My thanks to all of them.

Prof. S. S. Narkhede, Head E&TC PICT provides support for IEEE references. His insightful thoughts about technical education always find motivating.

I would like to acknowledge PVG’s Library and associated staff like Mr. Waghmare Sir, Gadgil Madam, Mane sir etc for IEEE resources, books and other facilities extended without which work may not be completed.

Prof. K. J. Kulkarni and Prof. T. S. Khatavkar for their valuable discussions during the work. My, special thanks to Prof. S. S. Musale, Prof. P. G. Shete, Prof. M. P. Potdar for consistent inspiration till the completion of this thesis work and every possible help extended during the work. Prof. M. H. Belsare and Prof. V. V. Sovni were also the source of inspiration. The help forwarded during the work can not be forgotten. I am really thankful for their assistance. Our technical assistant Sanjay Sir, Rathod Sir, Pradeep Sir, Sachin Sir and Chintal Sir extended every possible help; thanks to them. Directly or indirectly I was associated with every staff member of my department, thanks to all of them being with me during the work.

I am also thankful to Head, E&TC, Prof. R. W. Pattarkine and Prof. N. P. Deshpande for supporting research within their constraints. Special thanks to Prof. G. V. Garje, Prof. Mrs. S. S. Sane, Prof. N. G. Jaiswal, Dr. R. L. Edlabadkar, Prof. P. G. Kulkarni, Prof. A. Kaldate for inspiration and help. I can’t forget the help extended at any time I asked for, by Jaiswal sir. Thank u Sir!

Several people have impacted my career positively, but for which I could not have reached where I am right now. Many of my long time friends have inspired my quest for higher learning. It is a great pleasure to place on record my gratitude towards all of them. I am also thankful to all the members of my family, especially my brothers, sisters, mother – Sau. Sushila, father- Babaraoji and brother in Law – Mr. Avinash Vidhale for their constant appreciation and continued support.

Last but not the least; I appreciate the patience and support shown by my wife Sau. Prajakta and my daughter Yashita during the rigours work. I would like to say sorry for carelessness during this period. With all these words, I would like to dedicate this work to my family and the society.
