Acknowledgement

This thesis has been kept on track and been seen through to completion with the support and encouragement of numerous people including my teachers, well wishers, friends, colleagues and family. I would like to thank all those peoples who made this thesis possible and an unforgettable experience for me. I also like to extend thanks to the many people, who so generously contributed to the work presented in this thesis.

First of all, I owe it all Almighty God for granting me the wisdom, health and strength to undertake this research task and enabling me to its completion.

It gives me immense pleasure and proud to acknowledge my supervisor Dr. DORJK RG, Associate Professor, Department of Physics, Vivekanand Arts, Sardar Dalipsingh Commerce and Science College, Aurangabad, from whom the present investigation has been benefited in the form of many valuable feedbacks, creative guidance, indispensable suggestions and emboldened encouragement during course of my research work. He has been very kind enough to extend their help at various phases of this research.

At this blissful event, I am highly obliged to Prof. Dr. K. M. Jadhav, Ex-Head, Department of Physics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad, for introducing me to this promising field of research and his inspiring guidance at every stage of my research work. His association is undoubtedly valuable. It’s my destiny and privilege to have an opportunity to work with him. I would like to express my deepest sense of gratitude (with a capital and bold) towards sir. He offered his continuous advice and encouragement throughout the
course of this thesis. This work would not have been possible without his guidance, support and encouragement. Under his guidance I successfully overcame many difficulties and learned a lot. I am extremely indebted to Dr. K. M. Jadhav, for providing necessary infrastructure and resources to accomplish my research work, Sir has always made himself available to clarify my doubts despite his busy schedules and I consider it as a great opportunity to do my doctoral program under his guidance. I thank him for the systematic guidance and great effort he put into training me in the scientific field. I would also thankful to Mrs. Sheela K. Jadhav and family who make Sir's availability for me at any time for solving my research problems from their family time. Thank you Sir, for all your help and support.

I sincerely thanks to Prof. G. K. Bichile Ex. Head, Dept. of Physics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad.

I sincerely thanks to Prof. Dr. R. B. Sharma, professor & Head, Dr. P. W. Khirade, Dr. M. D. Shirsat, Dr. V. V. Navarkhele, Dr. S. S. Patil, Dr. B. N. Dole, Dr. P. P. Pawar, Dr. A. G. Murugkar, Dr. P. B. Undre, Dr. G. Dharne Department of Physics, Dr. B. A. M. University, Aurangabad, for his educating remarks and for the freedom I got in the department and laboratory during this work. I also very much thankful to all non-teaching faculty of Department of Physics, Dr. B. A. M. University, Aurangabad, for their continuous support during research work.

I am thankful to the Dr. A. A. Pandit, principal, Yashwantrao Chavan College, Sildod, Dr. M. N. Sarnaik, Dr. S. J. Shukla, Dr. P. M. Kshirsagar, Mr. S. Jagdale, Mrs. Rajenimbalkar, Deogiri College Aurangabad for his valuable inspiring
guidance and constant encouragement during this work. I am thankful to the Dr. Shengule, Dr. Murumkar & Dr. Aghav Vivekanand Arts, Sardar Dalipsingh Commerce and Science College, Aurangabad, for his inspiring and encouragement during this work.

I gratefully acknowledge to Dr. B. R. Shinde for his understanding, encouragement and personal attention which have provided good and smooth basis for my Ph.D. tenure and many rounds of discussions with him helped me a lot. I would like to give warmly thank Sir for his valuable advice, constructive criticism and his extensive discussions around my work. I take this opportunity to sincerely acknowledge the Mrs. Sangita U. Shinde, which buttressed me to perform my work comfortably.

Special mention goes to colleagues for providing a stimulating and fun filled environment. It’s my fortune to gratefully acknowledge the support of some special individuals. I am much thankful to my research colleges Mr. Shankar D. Birajdar, Mr. Ashok V. Humbe, Mr. P. P. Khirade, Mrs. Asha Nawpute, Mr. Jitendra Kaunsalye, Mr. Anand Surse, Mr. V. R. Bhagwat, Mr. Vishwnath Mande, Mr. Apparao Chavan, Mr. Datta Sable, Mr. Dhananjay Bhoyar, Mr. Mahesh Hiverkar, Mr. Govind Kulkarni, Mr. A. C. Nawale, Mr. Suraj Deshmukh and Mahendra Shisode for their fruitful discussion and fantastic company during my research work.

In addition, I am very grateful to Dr. Anil Raut, Dr. M. K. Babrekar, Dr. Govind Jadhav, Dr. Ram Barkule, Dr. R. R. Bhosale, Dr. D. V. Kurmude, Dr. C. M. Kale, Dr. R.C. Alange, Dr. V. V. Dhole, Dr. J. B. Mote and Dr. S. D. More as my seniors
and advisors. The thesis would not have come to a successful completion, without support and encouragement received from SHIVCHHATRAPATI COLLEGE AURANGABAD. My college Principal, Vice Principal Dr. D.P. Wavre, have all extended their support in a very special way, and I gained a lot from them, through their personal and scholarly interactions.

I wish to thank my husband and my best friend, Mr. Sadashiv Karajangi for his love, care and moral support. Words fail me to express my appreciation for his support and generous care. He is always not behind but beside me during the happy and hard moments to push me and motivate me. A journey is easier when you travel together and same happens with me. Interdependence is certainly more valuable than independence.

My world and meaning of my life one and only my little master Sohan who is continuous source of energy, take credits of this work. He is playing a charming role and allows me more time for research work. His innocent and smiley face boosts me for my work. I would say thanks to permit me for research work. Thank you SOHAN!

My family is almost unbelievable support for me. They are the most important people in my world. I express my heartiest gratitude towards my family for constant support and encouragement. I would like to pay high regards to my parents Mr. Baswaraj Vaijinathrao Nalle and Mrs. Vimal Baswaraj Nalle, for their sincere encouragement and inspiration throughout my research work and lifting me uphill this phase of life and longed to see this achievement come true. I am much thankful.
to my father and my husband for their great subject support as belong to Physics. I owe everything to them. Finally, I take this opportunity to express the gratitude from my deep heart to my beloved sister Mrs. Priya M. Manke, jiju Mr. Mangesh K. Manke and mr. junior Mr. Shivansh M. Manke who deserves a special mention here for their constant support, and motivation. This thesis is the result of my all family members who were always there when I really needed. My family supported me in every possible way to see the completion of this work.

Besides this, several people have knowingly and unknowingly helped me in the successful completion of this Ph.D. work. At the end of my thesis, it is a pleasant task to express my thanks to all those who contributed in many ways to the success of this study and made it an unforgettable experience for my life.

Mrs. Pallavi B. Nalle
