ACKNOWLEDGEMENT

It is with deep sense of gratitude that I record my sincere thanks and profound indebtedness to Dr. S.B. Kulkarni, Reader in Inorganic Chemistry, Department of Chemistry, University of Poona, Pune, for suggesting the problem, valuable guidance and constant encouragement throughout the course of this work.

It is a great privilege for me to be associated with Dr. G.N. Natu, Lecturer in Inorganic Chemistry, University of Poona, Pune. I am extremely thankful to him for his timely help and useful discussions without which it would have been difficult to reach to the stage of completion of the work.

I am thankful to Prof. M.S. Wadia, Head of the Department of Chemistry, University of Poona, Pune, for providing the facilities in the course of the work.

I would like to take this opportunity to thank Karmavir V.T. Randhir, President, K.V.F. Sanstha, Shirpur, and Principal S.M. Patel, S.P.D.M. College, Shirpur, for granting the necessary study leave which enabled me to complete the research work.
My sincere thanks are due to Dr. M.V. Garad, Shri E.K. Chopra, Shri A.D. Agate, shri T.S. Dalvi, Shri V.T. Chaudhari, Shri P.S. Shah, Shri P.H. Rane, Shri N.O. Girase, Shri N.B. Patel, Shri S.N. Patel and Miss. S.B. Sawant for their help and cooperation. I am also thankful to Shri K.S. Bapat for expert typing and Shri N.K. Divate for drawings and other technical and ministerial staff for their assistance.

I am indebted to the U.G.C. New Delhi for the award of 'Teacher Fellowship' during the tenure of this work.

I must express my deep sense of gratitude to my elder brother, Shri P.D. Patil whose inspiration has constantly driven me towards the goal.

Finally, I would like to express my deep appreciation to my wife Mrs. Manisha for her understanding, inspiration and patience throughout the period of work.

June 1987

(M. D. Patil)
