ACKNOWLEDGEMENT

The author is indebted to Dr. V. Balasubramaniyan for his astute guidance in suggesting and supervising this investigation and for stimulating discussions. He is deeply thankful to Dr. (Mrs) Padma Balasubramaniyan for her keen interest, encouragement and enlightening remarks.

The Principal, the Head of the Department of Chemistry Dr. R. P. Deshpande and research colleagues at H. P. T. Arts and R. Y. K. Science College are gratefully thanked. Author also expresses his sincere gratitude to Sarchitnis Dr. V. N. Pawar, M. P., Principal Dr. N. R. Bhadane, Principal B. K. Dongre, Dr. G. N. Gaikwad and Dr. E. D. Yeola and other colleagues of N. D. M. V. P. Samaj and its Nashik Campus. The timely assistance of Prof. N. S. Narasimhan, Prof. M. S. Wadia (Department of Chemistry, University Poona), Dr. N. R. Ayyangar (NCL, Pune), Prof. H. Junek (Institute for Organic Chemistry, University of Graz, Austria), and Dr. N. K. Bhamare (University of Ontario) in obtaining analytical/spectral data for this work is gratefully acknowledged.

The work was carried out at the Science Research Centre, H. P. T. Arts and R. Y. K. Science College, Nashik - 422 005 supported by grant-in-aid to Dr. V. Balasubramaniyan from CSIR, New Delhi (CSIR/2(206), 84-EMR-II; September 1984 to August 1987) while the author was a Junior Research Fellow.

The author deems it a pleasant duty to record the unstinting moral support and understanding patience from his family-wife Anita and daughter Dhanashree during the author's long ordeal for his research efforts. Mrs. Uthira Ravi is thanked for neat secretarial assistance for the thesis.

(She S. V. Patil)
