ACKNOWLEDGEMENTS

It is with great pleasure that I place on record my deep sense of gratitude to Dr. A. Ajayaghosh, for suggesting the research problem and for his constant guidance, discussions and support for the successful completion of this work.

I am obliged to Professor M. V. George for his help and support. I thank him for inspiring me throughout the tenure of this work.

I would like to acknowledge the support and motivation given by Dr. G. Vijay Nair, Director, Regional Research Laboratory, Trivandrum.

I have great pleasure in thanking Dr. Suresh Das, Dr. K. R. Gopidas, Dr. D. Ramaliah and Dr. K. George Thomas of the Photochemistry Research Unit for their help and valuable suggestions at different stages of my work.

I am indebted to Dr. Winny Varghese, Principal, Mar Athanasius College, Kothamangalam, for his keen interest in my career and for his encouragements.

I gratefully acknowledge the encouragements and help given by Dr. C. R. Chenthamarakshan, University of Texas at Arlington, USA.

I always remember the help rendered by the following people for the successful completion of my work:

Professor Jörge Daub and Michael Büschel, University of Regensburg, Germany for cyclic voltammetry studies.

Dr. Jose Kurian (Conductivity measurements), Dr. Peter Koshy (SEM analysis), Dr. Syamaprasad (XRD analysis) and Dr. J. D. Sudha (DSC analysis), Ms. Soumini Mathew (NMR spectra) and Mrs. S. Viji (Elemental analysis).

Mr. Robert Philip, Mr. E. Arunkumar, Mr. Subi Jacob George, Ms. Priya Carol, Mrs. Sarada Nair and all other members of the Photochemistry Research Unit, RRL, Trivandrum.

All members of Organic Chemistry Division, RRL, Trivandrum.

I express my sincere thanks to all my teachers for their invaluable support and motivation at different stages of my academic career.

I wish to express my deepest gratitude and thanks to my parents, sister and brother for their constant encouragement, prayer and love throughout my life.

Financial assistance from CSIR and DST, New Delhi is gratefully acknowledged.
