ACKNOWLEDGEMENT

The author wishes to record his deep sense of gratitude
to Dr. V. Jagannathan under whose guidance these investigations were
carried out.

The author also gratefully acknowledges the valuable help
given to him by his colleagues Mr. R. R. Hendre, Mr. E. Seetharama Rao
and Miss Meera Pathak during the course of this work. Thanks are also
due to Mrs. Bathshion D. Benjamin for help rendered during the early
stages of this work to Dr. C. SivaRaman for going through the
manuscript and making valuable suggestions.

The author is indebted to the Director, National Chemical
Laboratory for permission to submit this work as a thesis for the
degree of Ph.D.
