ACKNOWLEDGEMENT

Gratitude takes three forms "a feeling from heart, an expression in words and a giving in return", I sincerely thank to all those who directly made this thesis possible.

First of all I would thank God almighty for his grace and mercy which made it possible for me to complete this present venture.

I owe my sincere gratitude and humbleness to my esteemed supervisor Prof J P Singh Joorel, Dean, Faculty of Mathematical Sciences, University of Jammu for being a guiding light and whose pursuits and confidence in me was an instant booster during this endeavor. I find mere words inadequate to express my indebtedness to him and therefore gratefully take this opportunity of thanking him for permitting me to carry out work under him. I would like to acknowledge his constant supervision, affectionate guidance, generous help and persistent encouragement which were a source of inspirations to me during this work without which this work would not have been possible.

No words can fully express my gratitude to Prof Rahul Gupta, Head, Department of Statistics, University of Jammu, Jammu for his valuable help, generous affection and constant encouragement during all this period.

I am highly thankful to Dr Pawan Kumar, Associate Professor, Department of statistics, University of Jammu, Jammu for his guidance, affectionate advice and valuable discussions and encouragement to learn new things in academics.

I am also highly thankful to Dr Parmil Kumar, Sr. Assistant Professor and Dr. Vijay Shivgotra, Assistant Professor, Department of Statistics, University of Jammu, Jammu, for their guidance, valuable instructions and helpful suggestions.

I am highly grateful to my fellow research scholars especially to Rakesh Chib, Ankush Bharti, Shivani Choudhary, Raeesa Bashir, Ranjeet Kour, Sakshi Vaid, Priyanka Anand and Devya Gupta for their timely co-operation and suggestions at various stages of my project work.
I owe my special thanks to **librarian** and whole **Staff of the Department** for providing requisite literature and infrastructural facilities. I am greatly indebted to **my Parents** and other **family members** for always standing by me and providing me all sorts of help and support without which I would not have been able to bring this work to fruition. Their blessings, love, encouragement and moral support are the biggest source of inspiration for me throughout my academic career.

I find mere words inadequate to express my heartfelt thanks to my wife **Ruby Sharma** for her Love and support in giving final shape to my research work.

I am also very thankful to University Grant Commission for providing me monetary help in the form of **Basic Scientific Fellowship (UGC-BSR Fellowship)**

Last, but not least, I extend my sincere thanks to all my friends for their love and help in this endeavor.

Rahul Kumar Sharma
