ACKNOWLEDGEMENTS

First and foremost, I thank Almighty who has made everything possible....

With immense pleasure and deep sense of gratefulness, I express my sincere thanks to my Research Supervisor, Dr. P. PERUMAL, Professor & Head, Department of Biotechnology, who taught me how to critically approach a difficult problem to seek a solution, through perseverance and hard work. His energy and enthusiasm has developed my own passion for research and I am truly grateful for his guidance and encouragements.

I am deeply grateful to Dr. P. Venkatachalam, Professor, Dr. D. Natarajan, Dr. M. S. Shivakumar and Dr. (Mrs.) P. Indra Arulselvi, Asst. Professors, Department of Biotechnology, Periyar University for their constructive criticism and encouragement during the course of my research.

I would like to thank my Doctoral committee members; Dr. N. Elangovan, Asst. Professor, Periyar University, Dr. A. Hannah Rachel Vasanthi, Associate Professor, Pondicherry University and Dr. K. Premkumar, Asst. Professor, Bharathidasan University, Tiruchirappalli for their valuable suggestions and encouragements.

I offer my special and grateful thanks to Dr. R. Vallinayakam, M.D., the then Dean (GMKMCH), Dr. P. V. Dhanapal, M.S., Deputy Superintendent Prof. (Mrs.) S. Thenmozhi, M.D. and all the faculty-members of the Department of Pathology, Government Mohan Kumaramangalam Medical College, Salem for their kind help by providing cancer samples.

The financial support extended by the Periyar University, in the form of University Research Fellowship, is gratefully acknowledged with thanks.

My special thanks are due to, Dr. M. Raja, Dr. V. Balasubramanian, & Dr. R. Karthik Raja, DST- Young Scientists, for their kind help in critically improving the thesis. I express my heartfelt thanks to my co-researchers; Dr. S. Kumar, Dr. B. Prakash, Dr. A. Pazhanimuthu, Dr. R. Ramkumar, Dr. C. Rajthilak, Mr. P. Prasath Mrs. M. Anandhi, Ms. R. Keerthana, Ms. R. Sowmya, Mr. G. Balasubramani, Ms. D. Aiswarya, Mrs. M. Kavitha, Mr. D. Arul, Mr. P. Deepak and to the M.Phil
Scholars; Ms. S. Chandhraleka and Ms. M. Divya Josebin for their kind cooperation. I wish to thank the Non-Teaching Staff members; Mrs. P. Aruna, Mrs. M. Vanadhamani and Mr. E. Selvam, Department of Biotechnology, Periyar University, for their kind help.

I am thankful to Mr. S. Narendrakumar, Technology Associate, Protein Core Technology (PCT), Centre for Cell and Molecular Pathway, National Centre for Biological Science, Bangalore, Karnataka for his valuable suggestions, Mr. M. G. Dinesh, Technology Associate, Central Research Facility (CRF), Sri Ramachandra Medical College, Chennai for his core technical support and Mr. C. Vivek, Research Scholar, Department of Biotechnology, Siddaganga Institute of Technology, Tumkur, Karnataka for his support in docking studies.

Words are short to express my deep sense of gratitude to my family members and friends for their constant love and encouragement throughout my research period.

(T. NATARAJAN)
