**Acknowledgement**

Personal feelings, expression of gratitude, sense of pride of having association for a period of nearly 4 years cannot be expressed through few written words. There is much more to it than to pen down the acknowledgement. With lot of humility and love, I express my gratitude to my guide Dr. C. G. Vaidya, who has guided me through the research work. He was the motivator and driver behind this uphill task. Very cooperative, unassuming but taking me always on the right track. Sir, I have no words to express my thanks to you. Mr. Deshpande, Principal, Brihan Maharashtra College of Commerce, Pune, had kindly agreed and allowed me to complete my research work through the Institute and Pune University. BMCC guided me in terms of documentation and formalities. I thank Mr. Deshpande and the Institute.

My philosopher, guide and role model who gave me an opportunity to work in the social sector and allowed free hand to work for self development and institutional development. He encouraged me to participate in seminars, workshops, at local and national levels, and participate in various NGOs meetings. I am referring to my own Director, Prof. Y. K. Bhushan of Narsee Monjee Institute of Management Studies, Mumbai. Sir, you have been the guiding force for last 16 years. Please accept my acknowledgement with humility. Our, Registrar, R. D. Shetty, of NMIMS was always ready to help me in my work by giving me the administrative support in completing the project. R. D. Shetty, you have really done it! Thanks.

How can I forget the Computer Department? Shad and the staff. All of them helped me in drafting the project and getting the work done. I express my acknowledgement to all. Of course, my special thanks to
Masseh Z. Khatib who has been very kind and helpful in completing the project.

I would like to thank Mr. Kale, Mr. Dhumal and the Library staff. I am sure they just have gone through lot problems/pressures due to my constant and consistent follow-up for the books, periodicals and magazines. I am sure they will excuse me for any inconvenience I might have caused to them. I would like to thank Gladys and Lizzy, for helping me completing the project. I also take this opportunity to thank the staff of NMIMS who have really helped me in completing the project as desired.

I would like to express my thanks to Prof. P. D. Phadke and Prof. C. C. Pinto for giving me the initiative and drive. I also take this opportunity to thank all the students who have helped me in my research project.

My thanks are to CII, BCCI, IMC, CMIE, Charity Commissioner’s Office, ICP, CAF, Rotary Club of Bombay West, Lions International, TISS, Nirmala Niketan, Kripa Foundation, CRY, British Council, all the Corporates and VSOs who have helped from time to time. My special thanks to Mr. Noshir Dadrawala and Mrs. Muzumdar, for providing me the required documentation from time to time.

When it comes to the question of articulate craftsmanship, giving the research project the way it should be, the credit goes to none other than Uma Prabhu, student of MHRDM – IIIB. Uma, with her own unassuming style has put in lot of effort and time to see that project goes through. Thanks Uma!

From newspaper cutting to helping me in preparing extracts of the articles, magazines, just to follow the instructions and give the desired information, sometimes at the cost of family rumblings, is one and only
one that is Farida Virani, again a student of MHRDM – IIB. Farida has helped me in a cheerful and smiling way to complete the research project. I would like to thank her for all the support she has given me.

My wife Ashwini and son Kedar, have sacrificed their family life for my career growth. Days after days waiting to see me I complete my research work. I just don’t have words to acknowledge them.

Finally, my mother, the motivational force, who right from my childhood days propagated the philosophy that “Knowledge and Education will only help to achieve the career goal”. This research project is dedicated to her memory.

**Lastly, I would like to thank all those who have helped me directly or indirectly to make my RESEARCH DREAM – A REALITY.**

N. M. Kondap
