ACKNOWLEDGEMENTS

Acknowledgement of the favour received and privileges enjoyed is not simply a matter of going through a time honoured ritual. It is having the pleasure and satisfaction of discharging various debts of gratitude. But I am finding scarcity of words to express my gratitude to them. Yet, fact must be evidently acknowledged and honest thankfulness unequivocally stated.

I take the privilege to express my feelings towards Dr. Ramesh Kumar, M.D., D.C.H., Professor and Head, Department of Paediatrics, M.L.B. I owe my whole of the carrier to my parents and my late grand mother without their help, moral support and blessings I would have never achieved the present status. I am proud of them and bow my head as a mark of respect.

blood sample and placenta without their help this work could not be proceeded.
