ACKNOWLEDGEMENTS

A task such as this, could not be carried through and completed without the support of my teachers, colleagues and others, too numerous to mention whose help, I gratefully acknowledge.

I express my deepest regards to my guide Dr. Ramesh Kumar, M.D., D.C.H., Professor and Head, Department of Paediatrics, M.L.B. Medical College, Jhansi, whose uncompromising standards, generosity and ever patronising attitude had always been and will be even a source of encouragement to me.

I am highly thankful to Dr. R.K. Agarwal, M.D., Associate Professor & Head, Department of Microbiology, M.L.B. Medical College, Jhansi, for his excellent guidance and kind permission to carry out and submit this present work.

I am deeply indebted to Dr. (Mrs.) S. Longia, M.D., Associate Professor, Department of Paediatrics, M.L.B. Medical College, Jhansi, for affectionate mature and heartening words that provide me, constantly the confidence and enthusiasm for this awesome work.

I acknowledge the help and stimulation given to me by Dr. A. Kaushik, M.D., Assistant Professor, Department of Paediatrics, M.L.B. Medical College, Jhansi.
I would like to thank Dr. R.S. Sethi, M.D., D.C.H., Assistant Professor, Department of Paediatrics, M.L.B. Medical College, Jhansi, for encouraging and helpful attitude. His suggestions had been very valuable during the states of dilemma.

I owe my whole of the career to my parents, sister Mrs. Kaneez Fatima and other family members without their help I would have never achieved the present status. I am proud of them.

Mr. Vishen Lal, Librarian, Central Library, and Mr. Jwala Singh, Lab. Technician, Department of Microbiology needs special mention for extending their full co-operation during this research.

I am also thankful to Mr. K.M. Thomas, who has brought out my manuscript into a neat typescript.

In the last but not least, I owe a lot to those patients who have been the case material for the present study.
