ACKNOWLEDGEMENTS

All praise to Almighty Allah alone, the one and only, above all of us, the omnipresent, omniscient and merciful for answering my prayers and giving me the strength to plod on despite my constitution wanting to give up and throw in the towel. I bow in deep reverence to the Almighty Allah.

I express my sincere thanks to Dr Maqdoom Farooqui Principal Maulana Azad college Arts, Science And Commerce for providing facilities to pursue my research all throughout the complete course of my work.

It is my privilege to take this opportunity to record and express my deep sense of gratitude and indebtedness to my supervising guide and mentor Dr J.D.Shaikh Head ,,department of zoology Maulana Azad College Aurangabad for his inspiring guidance in the problem, keen interest, critical supervision, instructive criticism constant encouragement and accommodating discussions during the course of my research.

I am bound to humbly express to my gratitude to Dr C.J.Hiware Sir (Head) Dept of zoology Dr B.A.M.U for his kind support and suggestion as a teacher I am proud to be the student of such teacher. I profoundly Many thanks goes to Dr S.N Borde madam in guidance and allowing me to observe the work in her lab. It is my pleasant privilege to place on record my deep sense of gratitude, to my Teacher and grand guide DrS.V.Nikam Madam for her constant encouragement & motivation in research work. Thanks sound petite when the name of Dr D.L.Sonowane sir come, his enthusiasm to proceed the task gives boost to do the work, his constant help will be unforgettable.
It has also been a great privilege for me to work under the Co-supervision of Dr Rafat Jaaved Ex-Head (retired), for his keen interest on my work his constant inspiration, guidance and suggestions were available to me training in Nematology without his unreserved support from the initial to the final level of work.

I also thankful to teaching staff of department of zoology, Dr V.N.Utkar, Dr Atharuddin Quadri, and I would like to give my special thanks to Dr Shaikh Tarranum Tanveer for being with me every single moment. I express my gratitude to Dr Mohd Malik asst professor geology for his kind support in soil analysis. Thanks are also be to Late Dr. Javed Kabeer Shaikh (HOD department of Statistics science) for the statistical analysis, it gave me great support in my work, GOD give peace to his soul.

I wish to express my heartfelt gratitude to Dr Quazi Sadat, (Head department of botany) Maulana Azad college for his valuable suggestions, guidance at the time measurement of my species, encouragement and constant help throughout the study.

I also thankful to my lab collogues Mohd Ehtishaam, Miss Afreen Sultana, Miss Siddique Shazia for helping me and giving me there valuable suggestion.

Many thanks goes to nonteaching staff Abdul Samadi, Khan Sajeed, Shaikh Kaleem and Bharti Ghule for providing necessary help in the laboratory throughout the study.

Iam grateful to KCR (knowledge resource centre of Dr BAMU for library facility.

My heartfelt thanks are to my brother A.Aziz, Nephew Talha for their constant support to me at the time of survey of Field as constant visit on fig farms. I express my gratitude to my elder sister Shaikh
Sameena for moral and financial support in this work. I also thank Shaikh Rubeena and sister-in-law Shaikh Shazia for their support.

Thanks sound to hollow when I think about the constant and unconditional love and support that I received from my husband, Shaikh Mohd Zainuddin, thanks for his continuous support, encouragement, understanding, inspiration and patience throughout the period of this work. I am also thankful to my little angels Sarinah, Sahrish and Farzad for their co-operative enthusiasm during the research work.

To crown it all, the love and affection of my mother, late Abeda Saalaree and my father Adul Razzak Qaiser both are deeply engraved in the innermost recesses of my heart that is continued to serve as a beacon light to enable me to complete this thesis with courage and under feasible effort.

Ms. Shaikh Unaiza Nazneen
