ACKNOWLEDGMENT

I wish to express my deep gratitude to Prof. Dr. Abdel Halim Kamel, the Professor of Experimental Zoology, Faculty of Science, Ain Shams University, who suggested the topic of investigation, for tutorial guidance and active supervision during the course of the present work. To him the author is greatly indebted for his keen interest, continuous encouragement and constructive criticism during the preparation of the manuscript.

I wish to express my gratitude to Prof. Dr. Sideek Abdel Halim, Professor of Pathology, for the valuable guidance and criticism throughout the histopathologic studies carried out and for the constructive criticism during the preparation of the manuscript.

Thanks are also due to Dr. Kady Madkur Assistant Professor of Pharmacology, who suggested the drugs used, for his valuable instructive guidance.

My sincere thanks are due to Prof. Dr. Kamal Wassif, Head of the Zoology Department, Faculty of Science, Ain Shams University and the staff of the department for their help in the present work.
