List of Figures

Figure 1-1 - Structure of Supervision Department in Central Bank of I.R. Iran .......................... 14
Figure 1-2 - Conceptual Frame Work of Banking Efficiency ..................................................... 23
Figure 1-3 - Geographical Map of I.R. Iran .............................................................................. 25
Figure 1-4 - Map of Middle – East Region Including I.R. of Iran .............................................. 26
Figure 1-5 - Population of Iran, 1881-2006 .............................................................................. 29
Figure 1-6 - Growth rate of population of Iran, 1881 – 2006 .................................................... 29
Figure 1-7 - Changes in total population, rural and urban, 1996-2005 ...................................... 30
Figure 1-8 - Structure of population of Iran in 1996 ................................................................. 31
Figure 1-9 - Life Expectancy at Birth ........................................................................................ 32
Figure 1-10 - Labour Force Participation rate ......................................................................... 33
Figure 2-1 - Technical, allocative efficiencies ......................................................................... 40
Figure 4-1 - Agriculture Sector Value Added 1970-2006 .......................................................... 88
Figure 4-2 - Total Energy Consumption in Iran, by Type -2007 ................................................ 93
Figure 4-3 - Iran crude oil production, consumption and export ............................................. 95
Figure 4-4 - The Road Map of IPI gas pipeline ....................................................................... 98
Figure 4-5 - Share of Industry sector Value- added from GDP .................................................. 99
Figure 4-6 - Annual growth rate of value added of industry sector (%) .................................... 100
Figure 4-7 - The share of value added of chemical industry on manufacturing (%) ............... 101
Figure 4-8 - The share of value added of manufacturing on GDP (%) .................................... 101
Figure 4-9 - Annual growth rate of value added of manufacturing sector (%) ......................... 102
Figure 4-10 - Share of different economic sectors from GDP .................................................. 104
Figure 4-11 - GDP PPP (current, International Dollar $) 1980 – 2006 ...................................... 104
Figure 4-12 - GDP per Capita PPP (Current International $) 1980-2006 ................................. 105
Figure 4-13 - GDP growth rate (%) ......................................................................................... 105
Figure 4-14 - the present status of country’s external debts ..................................................... 106
Figure 4-15 - National Saving (% of GNI) ................................................................................ 108
Figure 4-16 - changing in inactivity rate between various categories, 1956-1996 ................ 110
Figure 4-17- Inflation rate trend (CPI, WPI)  
Figure 4-18- time trend of foreign trade in Iran  
Figure 5-1- The structure of banking system  
Figure 5-2- Major Items in the Assets and Liabilities of the Banking System  
Figure 5-3- Percentage Share of S.D. against Non-S.D.  
Figure 5-4- Percentage Share of Composition of Non-Sight Deposits  
Figure 5-5- Percentage share of L.D against their rate of return  
Figure 5-6 - Percentage share of short-term deposits against their rate of return  
Figure 5-7- Percentage Share of S.D. and L.D. against Rate of Inflation  
Figure 5-8- Composition of Banking System Deposits - 2007  
Figure 5-9- the aggregate performance of asset side  
Figure 5-10- Percentage share of facilities extended by banks to direct financing  
Figure 5-11- Percentage Share of facilities extended by banks to indirect financing  
Figure 5-12 - Percentage Share of Qard al-hassanah and Debt Purchase in T.L.  
Figure 5-13- comparison of qard al hassanah loans and qard al hassanah Deposits  
Figure 5-14- Percentage Share of Qard-al-hassanah L. in T.L. and Q.D. in T.D  
Figure 5-15- The Utilization Ratio or Loans to Deposits  
Figure 5-16- Proportion of credit facilities allocated to various economic sectors  
Figure 5-17- Outstanding facilities to Non- Public Sectors – 2006
