Table of Contents

**Chapter I: Introduction**

Section I 1-24
1. Background 1
2. Basel Norms 2
3. Statement of Problem 4
4. Need and scope of the Study 7
5. Significance of Study 8
6. Financial System 9
7. Structure of Banking System 12
8. The Regulatory Mechanism 15
9. The Importance of Efficiency 17
10. Importance of Efficiency in Banking Systems 18

Section II 24-34
1. General Overview of Iran 24
   i. Geography and Climate 24
   ii. The Geo-economic Position and advantages of Iran 27
   iii. Population and Demography 28
      a. Gender Structure of the population 30
      b. Distribution of Population in Rural – Urban Areas 30
      c. Distribution of Age and Gender of Population 31

Section III 34-35
1. Political Structure of Islamic Republic of Iran 34
   i. System of Governance (Political System) 1-24

Section IV 35-38
1. Research Methodology 35
   i. Objective of Study 35
   ii. Research Questions 36
Chapter II: Review of Literature

Section I:
Theoretical literature of Efficiency
1. Conceptual framework of banking efficiency
   i. Efficiency vs. Productivity

Section II:
Empirical Literature of Efficiency of Banks
1. Studies on efficiency of Banks with “Frontier” approach
2. Studies relating to efficiency of Islamic Banks
3. Banking reform and liberalization policy
   i. Ownership and Income source of banks
4. Banking studies on I.R. Iran

Chapter III: Methodology of Research

Introduction
1. Approach to Data Collection
2. Data Envelopment Analysis
3. Importance and Popularity of Data Envelopment Method
4. Method of Analysis
5. Input/Output variable selection for bank efficiency measurement
6. Variables Selected for this thesis
7. Limitation of Data

Chapter IV: Status of Economy of I.R. Iran

Section I:
General Land Use Pattern
1. Natural Resources
2. Land and Use pattern
Section II:
Sector wise Performance of Economy

1. Agriculture Sector
   i. Guaranteed Purchase of Agricultural Product
   ii. Forestry
   iii. Fishing
   iv. Enhancement of Productivity
2. Energy Sector:
   i. Importance of Energy Sector and contribution to national Economy
   ii. Energy reserves & productions
   iii. Energy export and import
   iv. Development and Planning
3. Industry (Manufacturing and Mining, Construction and housing)
   i. Importance of Industry Sector
   ii. Present status of industry sector

Section III: Overall Performance of Economy
1. Gross Domestic Product (GDP)
2. Public Sector (expenditure and revenue)

Section IV: Present status and Planning
1. Domestic saving
2. Foreign Investment:
3. Human Capital
4. Inflation Scenario in Economy (WDI, CPI)
5. Export – Import, Trade Surplus/ Deficit, Balance of Payments
6. Millennium Development Goals
7. The Planning and Development

Chapter V: Banking System Operation in Iran

Section I: Historical Review
Section II: Present Structure of Banking System
1. Banking Rules and Regulation
2. Structure of Banking System
3. Type of Ownership and Governance Structure of Banks
