ACKNOWLEDGEMENTS

I would like to express my sincere gratitude and indebtedness to my supervisor Prof. Jayanta Kumar Pal for his incomparable guidance, encouragement and help throughout the duration of this work. His ideas, suggestions, constructive criticism and stimulating discussions have enhanced my performance. My 'word bank' is limited to acknowledge his contribution for moulding me into what I am today.

I am thankful to Dr. Samit Chattopadhyay, Scientist, National Centre for Cell Science (NCCS), Pune, for his advice, guidance and all the efforts he took for analyzing my work at various stages during my research work at the NCCS, Pune.

I wish to convey my heartfelt gratitude to Dr. Anita Kar (Reader, School of Health Science, University of Pune) for her help, encouragement throughout my study and above all making me feel comfortable during the initial phase of my research work.

I sincerely thank Head, Department of Biotechnology, University of Pune, Pune and Director, National Centre for Cell Science (NCCS) for providing laboratory and other facilities.

I wish to thank Dr. Ruchika Kaul-Ghanekar, Mr. Devraj Mogare and Ravi for their help and technical support during my work in NCCS.
I am thankful to the non-teaching staff of the Department of Biotechnology for their help in various ways as and when required.

Friends and the colleagues are the ones who always share ups and downs and are always ready for the help. I appreciate the help, encouragements and friendliness of my colleagues Dr. Sanjay Anand, Dr. Ipsita Guha, Ms Shaila Salokhe, Ms Dhanashri Godbole, Dr. Jyutika Rajwade, Vir B. Singh, Abhijeet Kulkarni, Shimi M.P., Sangeeta Chatterjee and Reeza. I convey my sincere thanks to Dr. Kiran Sharma for his help in doing the ICP-AES analysis.

I wish to thank Mr. Subhankar Raha and his family for their encouragement and help during my stay in Pune. I would like to thanks few of my personal friends like Siddhartha, Anando, Pradeep, Devraj, Partho and Indranil for their help and encouragement during my stay in Pune.

I am grateful to my mother and other family members for their encouragement and support throughout my academic years.

Finally the financial help in the form of Junior Research Fellowship and Senior Research Fellowship from Department of Biotechnology (DBT), Govt. of India, and Council of Scientific and Industrial Research (CSIR), New Delhi are gratefully acknowledged.

Angshuman Sarkar
