Acknowledgment

To commence with, I pay my obeisance to GOD, the almighty to have bestowed upon me good health, courage, inspiration, and zeal. After GOD, I express my sincere and deepest gratitude to my research guide, Prof. Dr. Anil Vithal Ghule, Professor, Department of chemistry, Shivaji University, Kolhapur who ploughed through several preliminary versions of my text, making critical suggestions and posing challenging questions. Sir has always made himself available to clarify my doubts despite his busy schedules. His expertise, invaluable guidance, constant encouragement, affectionate attitude, understanding, patience and healthy criticism added considerably to my experience. I consider it as a great opportunity to do my Ph.D study under his guidance, without his continual inspiration, it would not have been possible to complete this study. Thank you, Sir, for all your help and support.

I owe my special thanks to Prof. Dr. Ramphal Sharma, Professor and Head, Department of Nanotechnology, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad and Dr. D. M. Phase, UGC-DAE Consortium for Scientific Research, Indore, India for the academic support and the laboratory facilities provided to carry out the research work. Without their precious support, it would not be possible to conduct this research.

I would also express my indebtedness to all teaching and non-teaching staff of Department of Nanotechnology, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for their inspiration and guidance.

I gratefully acknowledge the financial assistance in form of research fellowship (Project Ref. No: CSR-I/CRS-48/48) and characterization facilities provided to me by UGC-DAE Consortium for Scientific Research, Indore, India.

I would like to express my sincere gratitude and regards to my senior Dr. Arindam Ghosh for providing all support and care in my research and personal life.

I am also thankful to Mr. Anil Kashale, Mr. Sagar Bagul, Mrs. Renuka Digraskar Dr. Hari Khawal, Dr. Umesh Gawai, Mr. Avinash Dive and Mr. Nanasaheb Huse for their valuable help during various stages of my work.
I sincerely admire the contribution of all my colleagues and friends, Dr. Ravikiran Birajdar, Mr. Ganesh More, Mr. Vijay Ingole, Mrs. Swapnali Dhanayat, Miss. Shraddha Sevlikar, Miss. Nita Raskar, Mr. Sandip Mahajan, Mr. Deepak Upadhye, Dr. Ashok Humbe, Mr. Rajkumar Lokhande, Dr. Shaheed Shaikh, Dr. Farha Siddiqui and Dr. Shankar Birajdar who willingly engaged in thoughtful discussions gave me the moral support, encouragement and created a fun-filled environment for completion of this research work. Also, I would like to thank administrative and technical staff member Mr. Sanjay Jadhav who have been kind enough to advise and help in their respective roles.

I especially thank Dr. Mario Alberto Macias and Dr. Nishad G. Deshpande for their support and guidance.

I feel a deep sense of gratitude to my father Mr. Prakashchander Gattu who formed part of my vision and taught me the good things that really matter in life. Words prove a meagre media to write down my feelings for my mother Mrs. Shalini Gattu, I especially thank my sister Hema A. Haswal and brother Alok Gattu, Sharad Gattu for providing unconditional love, care and support in my hard situations.

I thank them all and the others who genuinely offered help. I appreciate everyone whom I have thanklessly missed to remember and have contributed towards completion of the work.

Ketan Prakashchander Gattu
