Publications:

1. *Bifurcations and transitions in the quasiperiodically driven logistic map*  
   Surendra Singh Negi, A. Prasad, and R. Ramaswamy  

2. *A Plethora of Strange Nonchaotic Attractors*  
   Surendra Singh Negi and R. Ramaswamy  

3. *Critical States and Fractal Attractors in Fractal Tongues: Localization in the Harper Map*  
   Surendra Singh Negi and R. Ramaswamy  

4. *Strange Nonchaotic Attractors*  
   A. Prasad, Surendra Singh Negi, and R. Ramaswamy  

5. *Dynamics of the Harper map: Localized states, Cantor spectra and Strange nonchaotic attractors*  
   Surendra Singh Negi and R. Ramaswamy  
   (Submitted to Physical Review E).

6. *Critical Localization and Strange Nonchaotic Dynamics: The Fibonacci Chain*  
   Surendra Singh Negi and R. Ramaswamy  
   To be published in Indian journal of Physics, 2001.

7. *Critical localization in 1-dimensional lattices with quasiperiodic, aperiodic and pseudo-random potentials*  
   Surendra Singh Negi and R. Ramaswamy  
   in preparation.
