ACKNOWLEDGEMENT

I would like to take this opportunity to express my deep sense of gratitude and regards to my teacher Dr. N. Ray Chaudhuri for his constant guidance and stimulating inspiration.

I express my sincerest gratitude to Prof. A. Chakravorty, Head of this Department for his keen interest and stimulating inspiration. I am grateful to Dr. B. Chakravarty of Kalyani University for his fruitful suggestion while carrying on the kinetic studies. I express my deep sense of gratitude to Dr. P. Banerjee for his ungrudging academic assistance while preparing the thesis. I also express my heartiest thanks to Dr. K. Nag for his stimulating inspiration.

The set up of the thesis reflects sincere and painstaking efforts of several people. Among them I wish to thank particularly Messrs. U.K. Chakraborty, P. Ghosh and M. Saha.

Finally, I would like to express my deep sense of gratitude to all members of my family for their encouragement and sacrifices for my higher education.

Financial assistance received from the Indian Association for the Cultivation of Science, Calcutta, are gratefully acknowledged.
