

ACKNOWLEDGEMENT

I thank my research supervisor **Dr. D. Mohan**, Professor, Membrane Lab, Department of Chemical Engineering, A.C.Tech., Anna University, Chennai for the support he has provided. I am thankful to him for the opportunity he gave me to work in his research group. His constant help, humanity and positive spirit are the motivation that drives the entire group.

I thank **Dr. P. Kaliraj**, Dean, A.C. Tech., **Dr. N. Nagendragandhi**, Professor & Head, Department of Chemical Engineering and **Dr. P. Gowtham**, Chairman, Faculty of Technology, A.C. Tech., Anna University for their encouragement towards the successful completion of my work.

I thank my Doctoral committee members, **Dr. S. Nanjundan**, Professor and Head, Department of Chemistry, PERI Institute of Technology, Chennai, **Dr. Y. Lakshmi Narayana**, Retired, Deputy director and Head, Polymer lab CLRI, Chennai. Their support, encouragement and valuable suggestions for carrying out this research work are greatly appreciated.

I also thank **Mr. Sarav Periasamy**, Chairman, and **Dr.S.Senthilvelan**, Principal, PERI Institute of Technology, Chennai, for their constant support.

I submit my gratitude to my colleagues in Membrane lab and staff members of Department of Chemical Engineering, A.C. Tech., Anna University for their moral support and understanding throughout the study.

I thank my husband, parents, for their infinite support and love. Finally, I thank almighty for his blessings.
