LIST OF TABLES

2.1.1 Urban population and level of urbanisation, by region (1950-2025) 33
2.1.2 Natural population increase and urban growth, by region (1975-2015) 34
2.1.3 Growth of large cities (one million plus), by region (1980-2015) 36
2.1.4 Income poverty in developing countries, by region (1985-2000) 39
2.1.5 Urban poverty in developing countries 39
2.1.6 Urban-Rural differences in access to services, by region 40
2.1.7 Urban India population 1901-2001 40
2.1.8 Morphology of Indian urban life 41
2.1.9 Comparative poverty picture in rural and urban areas in India 42
2.1.10 Poverty ratio in West Bengal in comparison with all India ratio (per cent) 43
2.2.1 Magnitude of debt in different parts of the world 51
2.2.2 Labour force participation rate (percentages) in South Asia 54
2.2.3 Employment to population ratio (percentages) in South Asia 55
3.1.1 Demographic profiles of Greater Bombay (Mumbai), Calcutta (Kolkata) and Delhi 76
3.1.2 Quality of housing stock and shortages in Greater Bombay (Mumbai), Calcutta (Kolkata) and Delhi (1981) 77
3.3. Percentage of households having electricity and toilet facility in Greater Bombay (Mumbai), Calcutta (Kolkata) and Delhi (1981) 78
3.4 Slum population in Calcutta (Kolkata) Metropolitan Development Area (1981) 79
2.1. Distribution of the populations according to age and sex 214
2.2. Distribution of the populations according to overall sex ratio 216
2.3. Distribution of the populations according to sex ratio 0-4 years 216
2.4. Distribution of the populations according to sex ratio 5-9 years 216
2.5. Distribution of the populations according to sex ratios 216
2.6. Distribution of the populations according to child woman ratio (0-4 years) 217
2.7. Distribution of the populations according to child woman ratio (5-9 years) 217
2.8. Distribution of the populations according to child woman ratio 217
2.9. Distribution of the populations according to old age dependency ratio 217
2.10. Distribution of the populations according to religion/community 219
2.11. Distribution of the hindus in the populations according to caste 219
2.12. Distribution of the populations according to mother tongue 219
2.13. Distribution of the populations according to marital status 221
2.14. Distribution of the marriages according to types of marriage 221
2.15. Distribution of the populations according to the age at marriage 223
2.16. Distribution of the households according to the size of the family 223
2.17. Distribution of the households according to the type of the family 225
2.18. Distribution of the populations according to the standard of education 225
2.19. Distribution of the populations according to overall literacy 227
2.20. Distribution of the populations according to child literacy 227
2.21. Distribution of the populations according to adult literacy 229
2.22. Distribution of the populations according to different literacy rates 229
2.23. Distribution of the populations according to place of birth 231
2.24. Distribution of the populations according to the presence of property in the native land 231
2.25. Distribution of the households of the populations according to the time of settlement 232
2.26. Distribution of the households of the populations according to the holding of ration card 232
2.27. Distribution of the populations according to voting status 232
4.2.28 Distribution of the populations according to the persons in labour force and persons actually working 235
4.2.29 Distribution of the populations according to the incidence of unemployment 235
4.2.30 Distribution of the populations according to the children in labour force and children actually working 237
4.2.31 Distribution of the working population according to the working children and working adults 237
4.2.32 Distribution of the working population according to the types of primary occupation 239
4.2.33 Distribution of the working population according to the types of primary occupation (details of occupations) 241
4.2.34 Distribution of the working population according to the system of receiving payment of wage or income 243
4.2.35 Distribution of the households according to family income per day 243
4.2.36 Distribution of the households according to the level of monthly savings 245
4.2.37 Distribution of the households according to the plinth area of the premises 245
4.2.38 Distribution of the households according to the share of pucca, semi-pucca and katcha houses 245
4.2.39 Distribution of the households according to the type of floor 247
4.2.40 Distribution of the households according to the type of accommodation 247
4.2.41 Distribution of the rented households according to the amount of rent paid 247
4.2.42 Distribution of the households according to the type of latrine facility 249
4.2.43 Distribution of the households according to the source of drinking water 249
4.2.44 Distribution of the households according to the primary source of energy for lighting 249
4.2.45 Distribution of the households according to the primary source of cooking energy 251
4.2.46 Distribution of the households according to the presence of some indicators on collective consumption 253
4.2.47 Distribution of the households according to the knowledge of domestic hygiene using some indicators 253
4.2.48 Distribution of population according to the type of the main diseases present 255
4.2.49 Distribution of the child labourers according to age and sex 257
4.2.50 Distribution of the child labourers and the children populations according to age and sex 257
4.2.51 Distribution of the child labourer population according to the standard of education 259
4.2.52 Distribution of the child labourer population according to the years of schooling 259
4.2.53 Distribution of the literate child labourer population according to the continuity of study 259
4.2.54 Distribution of the child labourers according to the main reason for leaving/not sending to school 261
4.2.55 Distribution of the child labourers according to the type of work 263
4.2.56 Distribution of the child labourers according to the age of entering work 263
4.2.57 Distribution of the child labourers according to the working hours per day 263
4.2.58 Distribution of the child labourers according to the availability of resting time within the working hours 263
4.2.59 Distribution of the child labourers according to the number of working days in a week 266
4.2.60 Distribution of the child labourers according to the type of sector of the economy they work 266
4.2.61 Distribution of the child labourers according to the type of primary occupation 266
4.2.62 Distribution of the child labourers according to the primary occupation (details of occupations) 268
4.2.63 Distribution of the child labourers according to the nature of work 270
4.2.64 Distribution of the child labourers according to the level of daily income 270
4.2.65 Distribution of the child labourers according to the distance of the workplace 270
4.2.66 Distribution of the child labourers according to the mode of transport to the workplace 270
4.2.67 Distribution of the child labourers according to the part of earning spend in transport to the workplace 273
4.2.68 Distribution of the child labourers according to the time spend to travel to the workplace 273
4.2.69 Distribution of the child labourers according to the facilities available at the workplaces 275
4.2.70 Distribution of the child labourers according to the number of accidents happened in working life 277
4.2.71 Distribution of the wage-earning child labourers according to the number of employees present in the working unit 277
4.2.72 Distribution of the wage-earning child labourers according to the recipients of the wage 277
4.2.73 Distribution of the wage-earning child labourers according to the type of the fellow employee's behaviour in the workplace 279
4.2.74 Distribution of the wage-earning child labourers according to the type of employer's behaviour in the workplace 279
4.2.75 Distribution of the child labourers according to the mode of receiving wage/income 279
4.2.76 Distribution of the child labourers according to the presence or absence of family 281
4.2.77 Distribution of the child labourers according to the contribution of his/her income to the household 281
4.2.78 Distribution of the child labourers according to the level of dependence of the household on his/her income 281
4.2.79 Distribution of the child labourers according to the level of his/her own spending from his/her earning 283
4.2.80 Distribution of the child labourers according to the frequency of leaving job 283
4.2.81 Distribution of the child labourers according to the reason for leaving job 283
4.3.1 The age and sex-wise break-up of the informants 296
4.3.2 Socially cognisant items in the control group 297
4.3.3 Socially cognisant items in the programme group 299
4.3.4 The aspects to be observed on urban marginalisation 302
4.3.5 Housing condition and some collection consumption facilities in the control group 303
4.3.6 Housing condition and some collection consumption facilities in the programme group 304
