ACKNOWLEDGEMENTS

I am thankful to the University Grants Commission, Govt. of India, New Delhi, for providing me with a Fellowship under the FIP Scheme.

I would like to express my deep sense of gratitude to my teacher and Supervisor, Dr. N. Paria, Reader in Botany, University of Calcutta, whose association and helpful guidance have constantly provided me with inspiration during the course of investigation and the preparation of my thesis.

I am grateful to Prof. A.K. Sharma, former Rashbehari Ghosh Professor, Department of Botany, University of Calcutta, and Golden Jubilee Professor, Indian National Science Academy, for his encouragement in the work.

I am also grateful to Professors S. Mukherjee, S. Sen, R.P. Purkayastha and S. Ghosh, the past and the present Head(s) of the Department of Botany, University of Calcutta for their kind permission to use the Laboratory, the Herbarium and the Library of the Department.

I express my gratitude to my teacher, Prof. N. Samajpati, Department of Botany, University of Calcutta, for his interest and constant encouragements in this work.

I am thankful to the Director, Central National Herbarium and Botanical Survey of India and Dr. R.K. Chakraverty, Joint Director, and Dr. D.C. Pal, Senior Scientist, Botanical Survey of India for their kind co-operation in this work.
I am thankful to the Officer-in-Charge, Scanning Electron Microscope Unit, Instrumentation Centre, University of Burdwan, West Bengal for extending facilities of SEMs.

Thanks are also due to Dr. M. Barman, Principal, P.K.College, Contai, and my colleagues -- Prof. G. Giri, Dr. S. Chattopadhyay and Prof. B. Pradhan for their constant encouragements in this work.

I shall fail in my duty if I do not express my gratefulness to my colleagues in the laboratory: Dr. S.P. Chatterjee, Miss. C. Roy, Mr. Jasim Uddin Ahmed, Mrs. B. Bhattacharyya, Mrs. Debasree Chakraborty, Mr. Saunabha Chinya, Mr. P. Kamilya, Mr. D. Das, Mr. S. Mukhopadhyaya and my friend, Sri Samir Sikdar, whose encouragements and co-operation have helped me to a great extent to tide over all kinds of obstacles I faced while preparing the thesis.

My sincere thanks are due to Mr. P.K. Gantait for very neatly typing the thesis, and Mr. R. De for some technical works.

I am indebted to Mrs. K. Paria, and my wife, Mrs. C. Das for their active support and interests in my work.
