ACKNOWLEDGEMENT

First and foremost I would like to express my deepest admiration and gratitude to my mentor Prof. S. Karutha Pandian, for giving me this wonderful opportunity of being a part of his vibrant research team. His enthusiasm in encouraging independent research, perspicacious remarks and penchant for punctuality facilitated me to gain experience as well as credentials as a researcher. I thank his dynamic and inspirational guidance, unrestricted support, intense attention throughout my Ph.D. programme.

I wholeheartedly thank Prof. K. Balamurugan, Associate Professors, Dr. A. Veera Ravi, Dr. M. Ramesh and Dr. K. Pandima Devi of Department of Biotechnology, Alagappa University for having been good teachers, since my Post M.Sc Advanced Diploma in Molecular Diagnostics programme and their encouragement during the process and progress of my doctoral work.

I express my heartiest thanks to Prof. S. Mahalingam, Indian Institute of Technology, Madras for providing me the nano LC-MS/MS facility. I thank Dr. S. Ananthi for helping me in nano LC-MS/MS and data analysis.

I express my sincere thanks to Prof. S. Mahalingam and Dr N. Kumar, Tamil Nadu Agricultural University, Coimbatore for providing Andaman Ordinary Tall, Laccadive Ordinary Tall and Philippines Ordinary Tall tender coconut cultivars.

My deepest gratitude goes to the project students Mr. AR. Kannappan, Mr. B. Shanmuganathan, Mr. S. Yesubalan, Mr. A. Selvaraj and Mr. Subesh Kumar for their untiring assistance to complete this research work.

My special thanks are due to my labmates Dr. A. Padmavathi, Dr. R. Salini, Ms. M. Rajalaxmi, Mr. S. Gowrishankar, Ms. J. Rathna @ Nandhini, Ms. D. Viszwapriya, Mr. C. Aravindraja, Mr. C. Sivasankar, Mr. G. Ashwinkumar Subramenium, Ms. S. Muthamil, Mr. Rajeev Meora, Mr. K. Ganesh Prasath, Ms. A. Valliammai, Ms. S. Alagu Lakshmi, Ms. T.K. Swetha and all those who made the lab, a friendly environment to carry out research. I am happy to have worked and shared mind space with this cheerful group of fellow researchers.

I would like to extend my heartfelt gratitude to my dear seniors Dr. K. Syed Musthafa, Dr. K. Syed Ibrahim, Dr. C. Nithya, Dr. K. Balaji, Dr. D. Bakkiyaraj, Dr. B. Jancy Kalpana, Dr. R. Beema Shaforeen, Dr. B. Vignesh Kumar and Dr. S. Durai for their scientific advice and motivation.

I would like to acknowledge the financial assistance provided by Department of Biotechnology (DBT), Government of India (GOI) (Grant number BT/PR11994/NDB/52/134/2009) in the form of Junior Research Fellow. I gratefully acknowledge the use of the Bioinformatics Infrastructure Facility, Alagappa University funded by the Department of Biotechnology, Ministry of Science and Technology, Government of India (No-BT/B1/25/015/2012). The instrumentation facility provided by Department of Science and Technology, Government of India through PURSE [Grant No.SR/S9Z- 415 23/2010/42(G)] & FIST (Grant No.SR-FST/LSI-087/2008) and University Grants Commission, New Delhi through SAP-DRSSt [Grant No.F.3-28/2011(SAP-II)] is gratefully acknowledged.

I would like to thank my family, especially my father, Mr. S. Sivasamy, my mother, Ms. S. Suseela, my brother, Mr. S. Nambraraj, my father in law, Mr. V. Loganathan, my mother in law, Ms. L. Sathiyavani and my sister in law Ms. L. Nandhini for their unconditional belief, continuous love and moral support throughout, without whom I would not have made it here. I am indebted to my wife, Ms. L. Vigneshwari, I would have never reached this stage without her love, care and support.

S. SETHUPATHY
