ACKNOWLEDGEMENT

I want to express my gratitude to my Supervisor and Guide Prof. S.C. Mukhopadhyay, M.Sc, Ph.D., D.Sc. (Cal), Emeritus Fellow, Department of Geography, University of Calcutta for his kind advice and continuous encouragement in this Ph.D. research work. Prof. Subhash Chandra Mukhopadhyay had supervised this research work for the degree of Ph.D. and upto the completion of the study in its finished from. This work would not have been completed without the total involvement of Professor S.C. Mukhopadhyay and Mrs. Shanta Mukhopadhyay. His valuable inspiration and guidance have enabled me to proceed in this work. He is the person who taught me how to perceive the Himalayan Terrain.

I am highly thankful to Prof. Ranjan Basu, Prof. P.Rohatgi, Prof. A.R.Ghosh and Prof. Pannalal Das, Prof. Shukla Bhaduri, Prof. Sunondo Bandopadhayay, Department of Geography, Calcutta University for their valuable advices in my research work.

I also want to thank to Dr. Jain, Scientist, National Institute of Hydrology (NIH), Roorkee and Wadia Institute of Himalayan Geology, Dehradun. I want to express my special thanks to Aloke Khair, Chottu, Ramesh Chauhan, and Rajkumar Singh for their kind help during the field study of my research. I am extremely thankful to Dr. P. Nag, Director (NATMO), Govt. of India for his kind help in my research work. I also thank to Dr. R.Meena kshi Sundram, District Magistrate, Haridwar. I express my gratitude to my father Late Bijoy Kumar Dutta and mother Namita Rani Dutta and my sister Rumu Dutta for their heartiest blessings. I am thankful to my friend Deepa Bhattacharyya and her parents for their support and cooperation.
