LIST OF FIGURES

CHAPTER - III

3(F1) Specifications of the Achievement Objectives ........................................ 45
3(F2) Analyses of the Contents in General Physics ........................................... 49
3(F3) Blue-print of the 'Achievement Test in General Physics' ......................... 54
3(F4) Scatter Diagram of the Scores in the Test and the Re-test of the 'Achievement Test in General Physics' .......................................................... 67
3(F5) Scatter Diagram of the Achievement Test Scores and Annual Examination Marks in Physical Science in School ......................................................... 72
3(F6) Particulars (Dimension, Type, Nos. of Items and Time schedule) of the 'Group Intelligence Test' ................................................................. 78
3(F7) Scatter Diagram of the Scores in 'Achievement Test in General Physics' and in 'Academic Motivation Test' ......................................................... 87
3(F8) Scatter Diagram of the 'Achievement Test' Scores and 'Intelligence Test' Score ................................................................. 89
3(F9) Scatter Diagram of the Scores in 'Intelligence Test' and in 'Academic Motivation Test' ................................................................. 90

CHAPTER - IV

4(F1) Graphical Representation of the Difficulty Indices (P) and Discriminating Indices of the Items in the 'Achievement Test in General Physics' (No.of Items - 133) ......................................................... 100(a)
4(F2) Cognitive Objective-wise Percentage of Average Score of the Randomised Sample (N = 200) ................................................................. 158(a)
