ACKNOWLEDGEMENTS

The present work was carried out under the supervision of Prof. A.V. Phadke, Department of Geology, University of Poona. I am deeply indebted to him for the valuable guidance, constant encouragement and a great deal of patience during the entire course of the research work.

I take this opportunity to thank Prof. A.M. Patwardhan, Head, Department of Geology, University of Poona for providing all the facilities for the work easing the path of my research.

I owe my sincere thanks to Dr. S. Subramanian, Director, G.S.I. Maharashtra Circle (West), Pune, for providing library facilities and encouragement during this work. I also express my sincere thanks to Mr. D.T. Kamble, Geologist, G.S.I., Pune, for discussions and help during the field work.

I am greatly indebted to Dr. V.V. Peshwa and Dr. V.G. Phansalkar, Department of Geology, University of Poona, for their extreme kindness in making valuable suggestions and giving encouragement throughout the work.

My grateful thanks are due to Mr. S. Joshi for helping me without hesitation in preparing the oriented slices of the samples. Without this help, I am sure, my research work could
not have progressed to satisfaction. I am indebted to him also for critically going throughout the manuscript.

Dr. H. Kulkarni, of this department, has helped me by taking extreme pains in checking a part of the manuscript of the thesis.

Very valuable help and suggestions were received by me from Dr. Pradeep Jadhav during the various stages of this work. I express my sincere thanks to him. Mr. Anil Lalwani has very kindly helped me in preparing some of the illustrations. I am grateful for this.

My thanks are due to Mr. K.S. Bapat for neatly typing the thesis, and Mr. S.M. Pangarkar for his help in line drawings.

I may be excused for not including names of all the persons who helped me during this work, but my sincere thanks are due to them.
